Dear Public Testimony Public Testimony,

I'm writing to ask you to oppose Ordinance 250382. Vision Zero is an ambitious and necessary plan for Kansas City, and I do not want pedestrian/child/cyclist safety to suffer for a short-term funding patch. I have lived in Kansas City for over five years now, and while I love it here (and have no intention of leaving), it's also the city in which I've felt the most in danger while driving, cycling, or walking near the streets. We need long-term solutions and to continue pushing forward improvements that have already been identified and funded.

Regards,
Jamie Schwendinger-Schreck
