Hello,

My favorite thing about living in south Beacon Hill is its connectivity to the city on foot, bike, and public transit. I was sooo disappointed when the protected bike lanes stopped at Charlotte. It felt like the east side of Kansas City was getting the short end of the stick, again. First, the protected bike lanes prove to be a safe, quick way to get around on bike and second, they slow down traffic which is especially needed on the east side of 27th where the lanes are so wide and it's closer to I-71.

I am writing to express my utmost SUPPORT for Ordinance 220318 including the extension of the 27th Street protected bike lanes. This will provide safe access to those in the city to Blue Valley Park and a reliable form of commute for those going to work or play in the city from the residential neighborhoods on the east side.

Thank you,
Michelle (Shelley) Wehmeyer
