Subject:	Please keep mask mandates in schools
Date:	Tuesday, September 21, 2021 12:01:27 PM

My daughter just started public middle school at Heritage Middle School, and the staff have implemented an excellent app called LiveSchool to positively encourage good behavior. They earn points towards school store shopping, I believe. My daughter gets lots of points for wearing her mask appropriately, and she does that to protect herself and our family. She just turned twelve and got her first vaccine. Her brother is 3 and cannot be vaccinated due to age; both parents are vaccinated but at risk (mom is in chemo for breast cancer). Masks are our tool and THE REASON she can attend public school in person. Thank you for supporting masks in schools.

My city council members are Heather Hall and Kevin O'Neill. I am a Northlander who supports continuing the mask mandate to keep our kids and community safe.

Thank you,
Holly Wu
