Dear City Council City Council,

I am asking you to oppose Ordinance 230092.
It seems an irresponsible request to effectively waste the sunk cost already invested in order to subsidize parking for private business at the expense of taxpayer safety.
Whether you regard the bike lanes as essential transportation routes for the most vulnerable or luxury recreational amenities, they should not be provided only to those blessed to live in our wealthy communities. This city has a history of denying top quality infrastructure to neighborhoods like mine despite providing it elsewhere. I request that you play a part in supporting our side of the city rather than continuing to hold us back.
Thank you for your time.

Regards,
