Dear City Council City Council,

I am asking you to oppose Ordinance 230092. The Truman Road protected bike lanes deserve to be preserved and completed.

These businesses want to continue using public streets as an extension of their businesses without any consideration of local residents such as myself.

Sidewalks were being used as parking long before the bike lanes appeared and bending to the whining of private businesses will not change their poor behavior.

If you do install parking back in the north side of Truman road, please make it metered parking and invest in strict parking enforcement

Regards,
