Dear Public Testimony Public Testimony,

I'm writing to ask you to oppose Ordinance 250382. We have made such important progress in regard to both the bike share and Vision Zero programs ... making routes in and around the city both accessible and safe. Though I understand the importance and commandability of the IRIS program, to cut the other two programs seems counterintuitive to the overall focus on safe streets for everyone. May we work harder to find other viable funding cuts or possibly add a tax to gasoline or egregiously loud vehicles? Vision Zero is especially imperative during these time. Respectfully, Juliette Johnson

Regards,
Julie Johnson
