Dear City Council City Council,

I am asking you to oppose Ordinance 230092. The Truman Road protected bike lanes deserve to be preserved and completed.

I remain utterly perplexed why the city and certain council members are abandoning well-planned and evidenced-based policies that have been vetted in multiple forums by the public and elected officials over several years in response to a vocal few with openly anti-government and violent beliefs.

I am hopeful that elected city officials demonstrate the leadership skills that are associated with your positions and oppose Ordinance 230092, stand up against dangerous anti-government dissidents, and protect the rights of all Kansas City residents to have access to safe streets for all users.

Regards,
