Hello,

I'm writing today to urge passage of Ordinance 240568 to protect our election workers. Over the past few years there have been alarming reports of threats and attacks on election workers across the country leading many to leave those positions and discouraging others from seeking those jobs. Ordinance 240568 will help to insure that election workers feel safe and empowered to perform their jobs without fear of attacks or intimidation. Our democracy depends on free and fair elections so let's take this step adding protections for the people who are doing the work to ensure elections run smoothly and efficiently.

Thank you for your consideration.

Marsha Lerenberg
