LEGISLATIVE FACT SHEET

Legislation Number:	**221057**
Approval Deadline:	

LEGISLATION IN BRIEF:

Kansas City has received a $52,025 grant through the Transit Security Grant Program from the Federal Emergency Management Agency for cybersecurity assessment.

What is the reason for this legislation?

To accept $52,025 from the Federal Emergency Management Agency, estimate revenues to the Streetcar Fund, and appropriate revenues from the Unappropriated Fund Balance of the Streetcar Fund, to utilize grant funding.

Discussion (including relationship to other Council actions)

To provide a cybersecurity assessment for the Kansas City Streetcar Team to improve the resiliency of the system. With increases in cybersecurity attacks, it is important to support and protect internal assets to allow for continuity of operations.

How will this contribute to a sustainable Kansas City? Ensure that the use of a cybersecurity assessment will maintain the security of the internal infrastructure of the streetcar system.

Citywide Business Plan Goal

Infrastructure and Accessibility

Citywide Business Plan Objective

Enhance the City's resiliency and equity through a safe, efficient, convenient, inclusive, accessible, sustainable, and better connected multi-modal transportation system

Citywide Business Plan Strategy

Optimize the City's transit investment to enhance mobility and meet community needs
