Dear Public Testimony Public Testimony,

I'm writing to ask you to oppose Ordinance 250382.

I've been bike commuting in Kansas City since I moved here after college, 25 years ago. Vision zero is starting to have an impact on traffic in KC. I don't know how politically costly it is for you in the short term, but I promise that, in the long term, it will mark you as a great mayor who put his shoulder behind positive and sustainable measures to improve life in KC. Missouri doesn't have a lot going for it right now. But Kansas City is different. Measures like Vision Zero and RideKC Bikes encourage more people to get out of their cars, and that builds community. You've been doing right; don't let the suburban nay-sayers drag us down (I'm a suburban yay-sayer who will be thrilled when Vision Zero makes it south of 85th St.). Please.

Regards,
Sarah Crosson
