Dear Public Testimony Public Testimony,

I'm writing to ask you to oppose Ordinance 250382. Kansas City urban core roads are dangerous and inaccessible for pedestrians and bicycles. If we want to be reaching our full potential as a city, we need to have better access and connectivity. Bike-ability and pedestrian access are vital contributors to local small businesses. Specifically I have seen dozens of accidents and near accidents on independence Avenue. We need to re-orient the city to be less car centric.
