Dear Public Testimony Public Testimony,

I'm writing in strong support of Bike Walk KC and to ask that you oppose Ordinance 250382. As someone who commutes by bike every day, I rely on safe, connected infrastructure to get around—and I know I'm not alone. This ordinance threatens to cut funding from Vision Zero and dismantle our bike-share network at a time when Kansas City should be investing more in mobility and safety, not less.

With the World Cup on the horizon and our city's national profile growing, now is the time to double down on equitable, sustainable transportation—not pull back.

Please stand with those of us who depend on safe streets and oppose Ordinance 250382.

Regards,
Steven Briggeman
