Dear City Council City Council,

I live in Hyde Park and I ride my bicycle to work. The new bike lanes make it so much safer for me to work and shop and commute all over the city. EVERYDAY I see more and more people riding on them, even in freezing cold weather. These arent just recreational riders. These are people going to work.
If you stand for equality, then I know that you will oppose Ordinance 230092. These bike lanes provide opportunity for the masses to go to work. They will also make our city look really good to all the travelers visiting our town with big events like World Cup on the horizon.

Regards,
