Dear Public Testimony Public Testimony,

I'm writing to ask you to oppose Ordinance 250382. KCMO has made such progress in making the city more enjoyable and to walk and bike around in recent years and cutting further funding would be a critical error. A city is healthier and more vibrant when people can get from place to place without using vehicles. Continued investment in bike lanes, bike shares, and Vision Zero projects is integral to our city and its people.

Regards,
