Dear City Council City Council,

I am asking you to please oppose Ordinance 230092. The Truman Road protected bike lanes are an important step in the right direction for the safety of cyclists, pedestrians and drivers in Kansas City. They deserve to be preserved and completed.

This moment calls for coming together to find solutions for all involved parties' concerns and taking the time needed to do so. Please do not make a rash decision to remove them that will cost our city money and a nullify a step in the right direction for the future of Kansas City.

Regards,
