Dear City Council City Council,

I am asking you to oppose Ordinance 230092. The Truman Road protected bike lanes deserve to be preserved and completed.

Kansas City needs to be a better city when it comes to alternative transportation and that includes bikes. World class cities have public transportation that make those less economically able have a chance to access more of the cities resources including jobs. Kansas City cannot just cater to cars and those who work with cars in order to be a better city. A more equal city. Keep the bike lanes please.
