Good Morning,

It is my understanding Greenwave is currently going through contract negotiations with the KC Convention Center. I must say we have used Greenwave the last two years for our 620 team volleyball event and they have been great to work with! Very quick to respond to our needs and always had someone on call for us during the event in case of an emergency so their customer service is great. I would suggest you look into contract negations with them as we would love to continue to work with them in the future!

Thanks,

Jared Rudiger
