Dear Public Testimony Public Testimony,

I'm writing to ask you to oppose Ordinance 250382. Public transport in KC is already at the bare minimum. I am a car owner and home owner willing to pay higher taxes to preserve and expand our public transportation system. I appreciate the tough decisions you have to make now that KC may lose so much federal funding, but I think there are many KC residents like me that are committed to supporting public transportation. Cars are only going to get more expensive and we need to invest in alternatives now.

Regards,
