Dear City Council,
My Name is Hawkin Miller, I am a Northlander, a resident of Kansas City, and a small business owner. I am writing you today to urge your support for Map 8.4.3, the only map that can truly represent the diverse interests of the Northland.
The current council members who represent the Northland live to the far North of the area, these areas are the wealthiest areas of the northland.
There is an area that ranges from barry road and 25th st that has around 170,00 Kansas Citians without a single representative on the council.
This means that the representatives from the North of the Northland do not accurately reflect the majority of the residents, **so I urge you to listen to our voices and our needs.**

The unrepresented people of the Northland are relying on your vote in Favor of Ordinance 211074 on December 16th.

Once again, My name is Hawkin, I operate my business in the Northland, and I urge you to listen to your community you serve's voices.

Hawkin Miller
