Dear City Council City Council,

I am asking you to oppose Ordinance 230092. The Truman Road protected bike lanes deserve to be preserved and completed. It would be a waste to tear down the infrastructure that the city worked so hard on. Please give the community a little more time to get acquainted with these bike lanes and I promise that they will bring traffic to those businesses that claim they are "obstructing". Listen to your community and don't waste money and time on tearing down a monumental step in our community towards saving the community and climate.

Regards,
