Dear Public Testimony Public Testimony,

I'm writing to ask you to oppose Ordinance 250382.

Biking, walking, and access to transit is the future. Many young people determine whether they move to or stay in a city based on access to alternative modes of transportation. Not to mention, providing reliable transit and bike share access is an equity issue, as so many Kansas Citians rely on these modes to get to work, get their kids to school, and meet their daily needs.

Safe access to our transportation network is a right. And the city must make this a priority.

Regards,
Sarah Davis
