KCMO Public Testimony,

my name is nil and I live in Kansas City, MO. i am imploring you to pass Ordinance #251053 and to fully fund the bus system in Kansas City. Please keep your promise to Kansas Citians for a fully funded bus service.

i rely on public transportation not only for mobility, but also for engagement with the community. to know KC's diversity of life and talent as well as peoples, is to be part of its community and a FULLY FUNDED public transpiration system that is reliable and available is the best way to navigate all that KC has to offer.

the cuts have already created much hardship for many of my friends and neighbors, from the suburbs to places like the East Bottoms. dangerous crossings and long waits in inclement weather and among speeding traffic worries me for their safety and their access to jobs and medical appointments. i might be able to walk a few miles when a bus isn't showing up or a route is cut, but i should not expect EVERYONE to do the same. the disabled people of KC rely on these services and have been ignored and pushed into the shadows.

we have been here many times before but rest assured that the right to a fully funded public transpiration system is a right of the people and Kansas Citians will continue to fight for it.

!!!! this ordinance must pass !!!!

thanks in advance,

-nil mo
