Dear Public Testimony Public Testimony,

I'm writing to ask you to oppose Ordinance 250382. Pedestrian safety measures, investment in public transportation, especially bike share measures are vital to our community and to my family.

Especially as the world cup approaches, I want to live in a city that is embracing safe, efficient, and environmentally efficient forms of transportation. I have a 2-year old son and I want him to be able to safely navigate our community as he grows up and becomes independent without having to worry about excessive cars and drivers.

We bike as much as we possibly can (dinner, grocery shopping, shows, etc.) We've taken advantage of the protected bike lanes to go all the way from our home in Brookside to watch a KC Current game downtown, and I want these opportunities to expand and not disappear.

Regards,
Sean Mathews
