Subject: Please Oppose Ordinance #230092

Dear City Council City Council,

I am asking you to oppose Ordinance 230092. The Truman Road protected bike lanes deserve to be preserved and completed.

I have been the UMKC appointee on the Sustainable Places Policy Committee for 10 years. This Bike Lane was installed as an implementation of a plan that was developed to increase sustainability in Greater Kansas City. We need to have a connected bike network in order to increase the non-auto mode share for trips in Kansas City.

In my view, Council Members have a responsibility to keep track of planning activities and communicate with their in-district constituencies about planning proposals and implementations.

Thank you very much for your assistance in this matter.

Regards,
Michael Frisch
