Dear City Council City Council,

As a driver I appreciate these lanes because they calm traffic. And we can all still get where we need to go. And transportation is not just about the car but it's also about sharing. It's simply a matter of fairness. As a wheelchair user, I appreciate these protected lanes because often sidewalks are blocked by parked vehicles that don't fully pull into driveways, so I use these lanes. And as just a citizen I appreciate the health option that other people have to get around town by bicycle. And also an economic situation. We need to get more people out on bicycles anyway. Therefore, I am asking you to oppose Ordinance 230092. The Truman Road protected bike lanes deserve to be preserved and completed.
