KCMO Public Testimony,

I am incredibly disappointed in your lack of creative problem solving, poor budgeting, lack of empathy, and misuse of your citizens' trust.

I saw the way you handled Urbavore and insisted it was to protect the people & their neighborhoods. Now there's cuts to another working class system that supports people's access to resources and stability. It's beyond disgusting.

Working people should not pay the price for the City and KCATA's sloppy negotiations. This is unfair, unjust, and unethical. Do your jobs and fund our buses.
