Dear City Council City Council,

I am asking you to oppose Ordinance 230092. While it is indeed important to understand and seek to address the concerns of nearby businesses, the Truman Road protected bike lanes deserve to be preserved and completed. Undoing the work that has already been done is a step backwards for the community. It is an inefficient and poorly thought out action which shows the bikers, micromobility users, and other non-drivers of this community that this city council doesn't take their needs seriously. We can find a consensus that addresses the needs of businesses AND of non-drivers, but Ordinance 230092 is not it.

Regards,
