Dear Public Testimony Public Testimony,

I'm writing to ask you to oppose Ordinance 250382.

I grew up in a smaller town in NC Kansas, and for as long as I can remember have dreamed of moving to a bigger city and helping the people around me. That dream has evolved as I've gotten older into a music shop to help those around me persue music in their day to day lives. I am so close, yet so far from that dream. The way that this city council has navigated public transportation with buses and bikes has threatened to slash my dream at every turn along with my livelihood, and many of those around me. Please, think of the working class of this wonderful city. I have always heard that the transportation system of a city is it's heartbeat, will you be one of the people who resuscitate Kansas city, or will you be one of the hands that hold back the health she so desperately needs?

Regards,
Milo Hart
