Dear Public Testimony Public Testimony,

I'm writing to ask you to oppose Ordinance 250382.

Great cities are defined by access to robust transportation alternatives that elevate quality of life for all. Cutting funding for one to support another is the easy way out when so much excess and bureaucratic processes cost far more and do far less for our great city.

I would encourage the City Council and Mayor to zoom out and think critically about processes that cost the city real money and limit the ability to maximize available funding.

Regards,
Brian Garvey
