Dear Public Testimony Public Testimony,

I'm writing to ask you to oppose Ordinance 250382. While it's cool that the Ordinance funds the bus service for the next 6 months, I don't understand why the Ordinance also cuts funding from the bikeshare program, and why it cuts funding from Vision Zero. I think it's safe to say that KC's nation-wide reputation is based on our ridiculously high focus on cars and highways and parking lots. We are the farthest thing from a walkable city, and I am not alone in wishing KC stopped emphasizing cars and started uplifting public transportation and a safe environment for riding bikes and walking. Ordinance 250382 isn't good enough! Please oppose it.
