Good Afternoon,

I'm not certain I will be attending virtually this afternoon. If you could please reference my testimony:

Good Afternoon, I am writing in support of the Kansas City Youth, Young Adult, and Adult Advisory Commissions. Kansas City is growing exponentially and attracting visitors and visibility. It is time to open the doors to our very own youth and young adults to sit at the table with our elected city officials. The commission is an opportunity to develop leadership skills, learn and understand civic engagement, and most importantly; be the voice, the eyes, and the ears for our city's youth and young adult communities. I firmly support this initiative to allow visibility and opportunity to build our city in a stronger direction with the most vulnerable population, our youth and young adults.

Respectfully,
Angela Florez
Director of School Based Services
