Please add me to written record for ordinance #251028..

Hi, my name is Brittany Sefton. I have used Kratom for 5+ years now. Kratom saved me from a horrible pain pill addiction that lasted 12 years. I went from pain pills to Suboxone to methadone to Kratom. And now a fully functional adult. I regain my entire life. I have five small children, 4 of which have special needs. Everyday is a struggle here.. I depend on Kratom for many things for pain relief for depression for anxiety. Without that I would have pills. Pills are what ruined my life. What made me turn to methadone clinics. A ball and chain. horrible withdrawal that went on for the better part of almost 6 weeks. Kratom has saved so many ppl, please give some serious contemplating to the ban hearing scheduled for today. Ban 7oh, Ban nitrous oxide. Leave natural leaf Kratom for your people in active addiction so maybe they can be like myself one day. Stumble on to the miracle at which Kratom can be. Save lives, not destroy. And leave kratom for your people who already found this beautiful leaf... i hope you have a blessed day and happy holidays!
