Date: Tuesday, April 25, 2023 6:19:46 AM

Dear Mayor Lucas and members of the City Council,

North Green Hills Road is a dangerous road and we thank the City Council for funding improvements. Those of us that live along the road see the present danger for people having to walk in the busy street (to get access to public transportation) and blind turns for drivers. We thank you for funding this project and ask you to do everything you can to get the construction started this summer.

Thank you,
Andrew Mark
Kansas City, MO
