Subject: Extended Mask Mandate

Date: Tuesday, September 21, 2021 9:34:25 AM

Hello, I am writing in to **show my support for extending the mask mandate.**

The mask mandate is necessary to curb the increase in COVID cases.

I am fully vaccinated, and still wear a mask anytime I'm indoors or in a crowded environment.

I know that masks are annoying, but wearing one is not difficult at all, and we must all do our part for the good of public health.

I don't see how anyone could interpret opposing the mask mandate as anything but *deep, overwhelming selfishness.*

I ask the Transportation, Infrastructure, and Operations committee to vote in favor of the mask mandate extension.
