Every summer, County assessors provide assessed valuation for real and personal property

- Revised data is used to recalculate estimated property tax revenue and associated levy rates

# Goals for Property Tax Levy Certification

**Hancock Amendment:** Ensure jurisdictions maintain revenue levels despite changes in assessed values and have no revenue windfall or shortfall

| Controlled Growth  | New Construction                             | Decreased Levy  | Increased Levy   |
|--|--|---|--|
| Allowed the lesser of inflationary or actual assessed value growth or 5% | Allow additional credit for new construction | If assessed value increases, levy rates must be reduced | If assessed value decreases, levy rates may be increased (subject to statutory and voted maximums and recoupments) |
