**Grand Reserve Community Improvement District
FYE April 30, 2024 Budget**

BUDGET MESSAGE

The Grand Reserve Community Improvement District (the “**District**”) was formed as a political subdivision of the State of Missouri on July 16, 2020 by the City Council of the City of Kansas City, Missouri (the “**City**”) by Ordinance No. 200551 upon a Petition to Establish the District (the “**Petition**”). The District’s fiscal year begins May 1 and ends April 30 of each year, the same as the fiscal year of the City.

The District currently has no source of revenue. However, the Petition authorized the District to impose a one percent (1%) sales and use tax (the “**CID Sales Tax**”) within the District upon qualified voter approval. It is possible that the District will seek qualified voter approval of the CID Sales Tax in the later part of this fiscal year. It is anticipated that the first fiscal year in which CID Sales Tax will be collected will be the fiscal year commencing on 5/1/2024, although if the sales tax does commence within the fiscal year of this Budget, the District will amend this Budget.

The District is located within the Redevelopment Area created by the Grand Reserve Tax Increment Financing Plan, as amended (the “**TIF Plan**”), and more specifically, a portion of the District is located within Redevelopment Project Area 1 of the TIF Plan. Until the termination of the TIF Plan, one half of the CID Sales Tax revenue generated within Redevelopment Project Area 1 of the TIF Plan will be captured as economic activity taxes in accordance with the TIF Plan for deposit in the Special Allocation Fund maintained with respect to the TIF Plan (the “**Special Allocation Fund**”).
