Subject: Vote YES - Ordinance 230613 and Resolution 230618
Date: Monday, July 31, 2023 3:03:50 PM

Dear Members of the City Council,

I love riding bikes and walking in Kansas City and continue to be afraid for my safety. Far too many pedestrians and cyclists are killed by cars in our city, and common sense measures to make our roads safer are better for anyone who calls Kansas City home. I use the existing bike paths and trails whenever I can, and having them connected would make things even better and safer.

Please vote in support of Ordinance 230613 and Resolution 230618. I want those who maybe don't have their own vehicle or who choose to not use it sometimes to continue living, working, and thriving in our city.

Regards,
Hayden Rand
