WHEREAS, these covenant provisions for proper operation, preservation, and maintenance of The Facilities are necessary to serve the development;

NOW, THEREFORE, Owner and City, for and in consideration of the benefits to themselves, their assigns and future grantees do hereby agree as follows:

Sec. 1. Owner at its sole cost shall:

- a. Be responsible for the perpetual preservation, maintenance, repair and replacement, if necessary of The Facilities located on of Tract(s) [insert tract name(s)].
- b. Maintain the pipes, structures, BMPs, grounds, and appurtenances for the Facilities located on Tract(s) [insert tract name(s)].
- c. Keep the pipes, structures, BMPs, and appurtenances open and free of silt and non-beneficial vegetation.
- d. Keep the pipes, structures, BMPs, and appurtenances in good working condition or replace same if necessary.

- e. Control the growth of the vegetation and grass areas, not identified as beneficial to the BMPs, on Tract(s) ___ to the limits prescribed by the Kansas City Code of Ordinances.
- f. Maintain the grades within Tract(s) [insert tract name(s)] pursuant to the approved plan on file in the office of the Director of City Planning & Development and identified as File No _____. [leave blank]
- g. Obtain all necessary improvement and repair permits prior to performing any work on The Facilities.

Sec. 2. City is granted the right, but is not obligated to enter upon Tract(s) [insert tract name(s)] in order to inspect, maintain, repair, and/or replace The Facilities including the pipes, structures, grounds, and appurtenances if Owner fails to maintain same. In the event that the City does provide maintenance for the facilities, then City may:

- a. Charge the costs for such maintenance, repair, or replacement against Owner, and/or the owner of Tract(s) [insert tract name(s)], and/or the owners of Lots [insert lot numbers-.Note: just those lots served by the facility – not necessarily all plat lots] served by the Facility on Tract(s) [insert tract name(s)];
- b. Assess a lien on either the Tract(s) [insert tract name(s)] or on the Lots [insert same lot numbers as above] or both served by the Facility on Tract(s) [insert tract name(s)];
- c. Maintain suit against Owner, and/or the owner of Tract(s) [insert tract name(s)] and/or the owners of Lots [insert same lot numbers as above] served by the Facility on Tract(s) [insert tract name(s)] for all cost incurred by the City for such maintenance.

Unless necessitated by a threat to life and/or safety, City shall notify Owner and/or the then-current owners of Tract(s) [insert tract name(s)] and Lots [insert same lot numbers as above] not less than thirty (30) days before it begins maintenance of The Facilities.

Sec. 3. Owner and/or the owner of Tract(s) [insert tract name(s)] shall not use, nor attempt to use, in any manner which would interfere with the operation of The Facilities, in such manner as would interfere with the proper, safe, and continuous maintenance and use thereof, and, in particular, shall not build, thereon or thereover, any structure which may interfere, or cause to interfere, with the maintenance and use thereof.

Sec. 4. This covenant shall run with the land legally described in Exhibit "A." Owner shall remain liable under the terms of this Covenant unless and until Owner assigns its rights and obligations to a third party and such assignment is accepted by the City.

Sec. 5. To the extent allowed by law, in the event of a default under a loan agreement by a third party who is assigned the rights and obligations in accordance with the terms of this Covenant, the City will agree to an assignment from the defaulting third party to the secured lender.

Sec. 6. Notices. All notices required by this Covenant shall be in writing sent by regular United States mail, postage prepaid, commercial overnight courier or facsimile and addressed as hereinafter specified. Each party shall have the right to specify that notice be addressed to any

other address by giving the other party ten (10) days notice thereof. Unless a party to this Agreement has given ten (10) days notice of a change of person and address for purposes of notice under this Agreement to the other party in writing, notices shall be directed to the following:

Notices to the City:
Director of City Planning & Development
City Hall, 414 East 12th Street
Kansas City, Missouri 64106
Fax number: (816) 513-2548

Notices to Owner shall be addressed to:
[insert name of business]
[sole proprietorship, partnership, corporation, LLC]
[insert City, State, Zip]
[insert name(s) of signer(s)]
[insert fax and phone number]

Sec. 7. This Agreement shall not be amended, modified, canceled or abrogated without the prior written consent of the City.

Sec. 8. Invalidation of any part or parts of this Covenant by judgment or other court action shall in no way affect any of the other provisions, which shall remain in full force and effect.

Sec. 9. This Agreement shall be construed and enforced in accordance with the laws of the State of Missouri.

Sec. 10. Upon the effective date of this Covenant, the City shall file this Covenant in the Office for recording real estate documents in [insert county], Missouri, and shall be binding on Owner, its successors, assigns and transferees.

Sec. 11. Owner shall jointly and severally release, hold harmless, indemnify and defend City and its agents, officers and employees from any and all responsibility, liability, loss, damage or expense resulting to Owner or to any person or property caused by or incidental as to the design, function, construction, maintenance or failure to maintain The Facilities.

Section B. That a development plan for the area legally described above is hereby approved, subject to the following conditions:

1. Any trails to be credited towards satisfying the parkland dedication requirements per 88-408-H shall be a minimum of 7 feet in width and be constructed of asphalt.
2. The developer shall be responsible for dedication of parkland, private open space in lieu of parkland, or payment of cash-in-lieu of either form of dedication, or any combination thereof in accordance with 88-408. Should the developer choose to pay cash-in-lieu of dedicating all or a portion of the required area, the amount due shall be based upon the 2023 acquisition rate of \$64,220.18 per acre. This requirement shall be satisfied prior to recording final plat.
3. The developer shall submit a final plan providing details on recreational amenities proposed within any tracts serving to satisfy the parkland dedication requirements of 88-408. To receive credit, tracts shall be improved to provide for recreational amenities. Said plan shall be approved prior to recording final plat.
4. The developer shall submit an affidavit, completed by a landscape architect licensed in the State of Missouri, verifying that all landscaping required of the approved plan has been installed in accordance with the plan and is healthy prior to a certificate of occupancy.
5. The developer shall submit an affidavit, completed by a landscape architect licensed in the State of Missouri, verifying that street trees have been installed in accordance with the approved street tree planting plan and are healthy prior to a certificate of occupancy.
6. The developer shall submit an affidavit, completed by an ISA certified arborist, an

SAF certified forester, a professional engineer, or a landscape architect licensed in the State of Missouri, verifying that all trees preserved and all trees planted to meet mitigation required of the approved plan, whichever is applicable, has been installed or preserved in accordance with the plan and is healthy prior to a certificate of occupancy.

7. The developer shall submit covenants, conditions and restrictions to the Land Development Division for approval by the Law Department for the maintenance of private open space and enter into a covenant agreement for the maintenance of any stormwater detention area tracts, prior to recording the plat.
8. The developer shall submit a macro storm drainage study with the first plat or phase, from a Missouri-licensed civil engineer to the Land Development Division showing compliance with current adopted standards in effect at the time of submission, including water quality BMP's to the Land Development Division for review and acceptance for the entire development area, and submit a micro storm drainage study with each subsequent plat or phase showing compliance with the approved macro and adopted standards. The developer shall secure permits to construct any improvements as necessary to mitigate impacts from rate, volume, and quality of runoff from each proposed phase, prior to recording the plat or prior to issuance of a building permit, whichever occurs first, as required by the Land Development Division.
9. The developer shall cause the area to be platted and processed in accordance with Chapter 88, Code of Ordinances of the City of Kansas City, Missouri.
10. The developer shall submit a letter to the Land Development Division from a licensed civil engineer, licensed architect, or licensed landscape architect, who is registered in the State of Missouri, that identifies sidewalks, curbs, and gutters in disrepair as defined by Public Works Department's "OUT OF REPAIR CRITERIA FOR SIDEWALK, DRIVEWAY AND CURB revised 11/5/2013" and based on compliance with Chapters 56 and 64, Code of Ordinances, for the sidewalks, curbs, and gutters where said letter shall identify the quantity and location of sidewalks, curbs, and gutters that need to be constructed, repaired, or reconstructed to remedy deficiencies and/or to remove existing approaches no longer needed by this project. The developer shall secure permits to repair or reconstruct the identified sidewalks, curbs, and gutters as necessary along all development street frontages as required by the Land Development Division and prior to issuance of any certificate of occupancy permits including temporary certificate of occupancy permits.
11. The developer shall submit a streetscape plan for approval and permitting by the Land Development Division prior to beginning construction of the streetscape improvements in the public right-of-way, and construct ADA compliant ramps at all required locations where new private drives are being added, or where existing sidewalks are modified or repaired.

12. The developer shall submit plans for grading, siltation, and erosion control to the Land Development Division for review and acceptance, and secure a site disturbance permit for any proposed disturbance area equal to one acre or more prior to beginning any construction activities.
13. The developer shall submit construction plans in compliance with adopted standards for all improvements required by the traffic study approved by the Public Works Department, and shall secure permits for those improvements as required by the Land Development Division, prior to recording the plat.
14. The developer shall pay impact fees as required by Chapter 39 of the City's Code of Ordinances, as required by the Land Development Division.
15. The developer shall design and construct all interior public streets to City standards, as required by Chapter 88 and the Land Development Division, including curb, gutter, storm sewers, streetlights, and sidewalks.
16. The developer shall submit verification of vertical and horizontal sight distance for the drive connection to public right-of-way to the Land Development Division and make improvements to ensure local jurisdiction and/or minimum AASHTO adequate sight distance standards are met, prior to issuance of any certificate of occupancy.
17. The developer shall integrate into the existing streetlight system any relocated streetlights within the street right-of-way impacted by the new drive or approach entrances as required by the Land Development Division, and the relocated lights must comply with all adopted lighting standards.
18. The developer shall submit an analysis to verify adequate capacity of the existing sewer system as required by the Land Development Division prior to issuance of a building permit to connect the private system to the public sewer main and depending on adequacy of the receiving system, make other improvements as may be required.
19. One- and two-family residential developments exceeding 30 dwelling units shall have at least two separate and approved fire apparatus access roads. (IFC-2018: § D107.1) Where two fire apparatus access roads are required, they shall be placed a distance apart equal to not less than one half of the length of the maximum overall diagonal dimension of the lot or area to be served, measured in a straight line between accesses. (IFC-2018: § D106.3)
20. A required Fire Department access road shall be an all-weather surface. (IFC-2012: § 503.2.3) Fire Department access roads shall be provided prior to construction/demolition projects begin. (IFC-2018 § 501.4 and 3310.1; NFPA 241-2013 § 7.5.5) Required Fire Department access roads shall designed to

support a fire apparatus with gross axle weight of 85,000 pounds. (IFC-2018: § 503.2.3) The turning radius for Fire Department access roads shall be 30 feet inside and 50 feet outside radius. (IFC-2018: § 503.2.4)

21. The developer shall meet the fire flow requirements as set forth in Appendix B of the project International Fire Code 2018. (IFC-2018 § 507.1)
22. Fire hydrants shall be installed and operable prior to the arrival of any combustible building materials onto the site. (IFC-2018 § 501.4 and 3312.1; NFPA 241-2013 § 8.7.2) Fire hydrant distribution shall follow IFC-2018 Table C102.1.
23. Before the certificate of occupancy of the first house built is issued in each phase the developer must post a sign at the terminus of all stub streets indicating that the stub street is intended to be opened to through traffic when the adjacent property is developed. The sign must state "FUTURE THROUGH STREET. TO BE CONNECTED WHEN ABUTTING PROPERTY DEVELOPS."
24. The developer shall secure approval of a project plan from the City Plan Commission showing landscaping in accordance with Section 88-425 of the Zoning and Development Code for each private open space tract prior to recording of the Final Plat of each phase.
25. The developer shall submit public water main extension plans including new fire hydrants and other appurtenances prepared by a Missouri professional engineer for review, approval and contracts following Kansas City Water rules and regulations for water main extensions to Kansas City Water. The rules and regulations are available at the following link: <https://www.kcwater.us/wp-content/uploads/2022/05/2022-Rules-and-Regulations-for-Water-Main-Extensions-Final2.pdf>. Please include the following note on the cover of the water main extension plans when submitted: "A variance was requested from the Kansas City Fire Department for the Kansas City Water rules and regulations for water main extensions and relocations relating to the maximum fire hydrant spacing along N.E. 96th Street to be increased from a maximum of 600' to a maximum of 1200'. KCFD granted the variance in this specific case based on the specific conditions presented by this project."
26. The developer shall submit a final stream buffer plan to the Land Development Division for approval prior to issuance of any building permits and obtain permits for the stream buffer prior to removal of any mature riparian species within the buffer zones due to construction activities on the site, in accordance with the Section 88-415 requirements.
27. The developer shall provide acceptable easements and secure permits to relocate sanitary sewers out from under proposed buildings and structures. Any existing public lines located under proposed structures must be abandoned in place or

removed and the easement vacated, or relocated and new easements shall be provided; as required by the Kansas City Water Services Department prior to recording the plat or issuance of a building permit, whichever occurs first.

28. Public sewers not located within the right-of-way must be located within exclusive sewer easements.
29. The developer shall obtain a floodplain certificate from Development Services prior to beginning any construction activities within the floodplain.
30. The developer shall show the limits of the 100-year floodplain on the final plat and show the Minimum Low Opening Elevation (MLOE) of any structure on each lot that abuts a 100-year floodplain area (including detention basins and engineered surface drainage conveyances) on any plat and plan, as required by the Land Development Division.
31. The developer shall grant on City approved forms, a stream buffer easement to the City, as required by Chapter 88 and the Land Development Division, prior to issuance of any stream buffer permits.
32. No water service tap permits will be issued until the public water main is released for taps.
33. The developer shall ensure that water and fire service lines should meet current Water Services Department rules and regulations prior to a certificate of occupancy.

A copy of said development plan is on file in the office of the City Clerk with this ordinance and is made a part hereof.

Section C. That the Council finds and declares that before taking any action on the proposed amendment and development plan hereinabove, all public notices and hearings required by the Zoning and Development Code have been given and had.

..end

I hereby certify that as required by Chapter 88, Code of Ordinances, the foregoing ordinance was duly advertised and public hearings were held.

ORDINANCE NO. 240224

Sponsor: Director of City Planning and Development Department

Rezoning an area of about 3.6 acres generally located at the northwest corner of Benton Boulevard and East 37th Street from District R-2.5 to District UR, and approving a development plan to allow for a mixed-use development. (CD-CPC-2023-00144)

BE IT ORDAINED BY THE COUNCIL OF KANSAS CITY:

Section A. That Chapter 88, Code of Ordinances of the City of Kansas City, Missouri, commonly known as the Zoning and Development Code, is hereby amended by enacting a new section to be known as Section 88-20A-1426, rezoning an area of approximately 3.6 acres generally located at the northwest corner of Benton Boulevard and East 37th Street from District R-2.5 (Residential 2.5) to District UR (Urban Redevelopment), said section to read as follows:

Section 88-20A-1426, That an area legally described as:

Zurn Add Lots 1-15 & tr daf: beg ne cor Lot 7 of sd sub th w 263 ft th s 375 ft th e 263 ft th n 375 ft to pob.

is hereby rezoned from District R-2.5 (Residential 2.5) to District UR (Urban Redevelopment) all as shown outlined on a map marked Section 88-20A-1426 which is attached hereto and made a part hereof, and which is hereby adopted as a part of an amendment to the zoning maps constituting a part of said chapter and in accordance with Section 88-20 thereof.

Section B. That a development plan for the area legally described above is hereby approved, subject to the following conditions:

1. The developer shall screen all roof and/or ground mounted mechanical and utility equipment in compliance with 88-425-08.
2. Signage has not been reviewed with this application. All signage shall conform to 88-445 and shall require a sign permit prior to installation.
3. The developer shall submit an affidavit, completed by a landscape architect licensed in the State of Missouri, verifying that all landscaping required of the approved plan has been installed in accordance with the plan and is healthy prior to a certificate of occupancy.

4. The developer shall submit an affidavit, completed by a landscape architect licensed in the State of Missouri, verifying that street trees have been installed in accordance with the approved street tree planting plan and are healthy prior to a certificate of occupancy.
5. The developer shall submit an affidavit, prepared by an engineer licensed in the State of Missouri, verifying that all outdoor lighting has been installed in accordance with approved plans and that lighting levels do not exceed that shown on the approved lighting plan at the property lines prior to a certificate of occupancy.
6. The developer shall secure approval of a UR final plan from the Development Management Division staff prior to a building permit.
7. All delivery and service access for the buildings along Benton Boulevard shall be located on the side or rear of the building and shall not be visible from the boulevard or parkway.
8. A change in paving material, embossed striping, or other approved method is required where the on-site pedestrian circulation system crosses driveways, parking areas or loading areas.
9. Applicant shall work with Planning staff and Police Department staff to increase lighting for the high pedestrian areas of the property, while remaining in compliance with 88-430 prior to ordinance request.
10. Per CSO regulations undetained storm runoff cannot be directly discharged to the public sewer. Applicant shall submit revised plans showing compliance with CSO regulations at the time of a building permit.
11. The developer shall submit a storm drainage analysis from a Missouri-licensed civil engineer to the Land Development Division evaluating proposed improvements and impact to drainage conditions. Since this project is within a "Combined Sewer Overflow" (CSO) district, the project shall be designed to retain rainfall of a 1.5 inch depth over the entire site to simulate natural runoff conditions and reduce small storm discharge to the combined sewer system and manage the 10-year storm and 100-year storm per currently adopted APWA standards. The analysis shall be submitted, and the developer shall secure permits to construct any improvements required by the Land Development Division prior to recording the plat.
12. The developer shall submit a streetscape plan for approval and permitting by the Land Development Division prior to beginning construction of the streetscape improvements in the public right-of-way, and construct ADA compliant ramps at all required locations where new private drives are being added, or where existing

sidewalks are modified or repaired.

13. The developer shall submit verification of vertical and horizontal sight distance for the drive connection to public right-of-way to the Land Development Division and make improvements to ensure local jurisdiction and/or minimum AASHTO adequate sight distance standards are met, prior to issuance of any certificate of occupancy.
14. The developer shall submit an analysis to verify adequate capacity of the existing sewer system as required by the Land Development Division prior to issuance of a building permit to connect the private system to the public sewer main and depending on adequacy of the receiving system, make other improvements as may be required.
15. The developer shall be granted a deviation to Section 88-323-02 requiring non-residential development to be setback a maximum of 20 feet from the right-of-way line, the deviation would allow for the commercial structure to be set back 46 feet 4 inches from the right of way line.
16. The developer shall integrate into the existing streetlight system any relocated streetlights within the street right-of-way impacted by the new drive or approach entrances as required by the Land Development Division, and the relocated lights must comply with all adopted lighting standards.
17. The developer shall submit an analysis to verify adequate capacity of the existing sewer system as required by the Land Development Division prior to issuance of a building permit to connect the private system to the public sewer main and depending on adequacy of the receiving system, make other improvements as may be required.
18. The developer shall submit plans for grading, siltation, and erosion control to the Land Development Division for review and acceptance, provide a copy of the Storm Water Pollution Prevention (SWPP) plan submitted to the Missouri Department of Natural Resources (MDNR) and secure a site disturbance permit for any proposed disturbance area equal to one acre or more prior to beginning any construction activities.
19. The developer shall submit a streetscape plan for approval and permitting by the Land Development Division prior to beginning construction of the streetscape improvements in the public right-of-way, and construct ADA compliant ramps at all required locations where new private drives are being added, or where existing sidewalks are modified or repaired.
20. The developer shall meet the fire flow requirements as set forth in Appendix B of the project International Fire Code 2018. (IFC-2018 § 507.1)

21. Buildings equipped with a fire standpipe system shall have an operable fire hydrant within 100 feet of the Fire Department Connection (FDC). (IFC2018 § 507.5.1.1)
22. Fire hydrants shall be installed and operable prior to the arrival of any combustible building materials onto the site. (IFC-2018 § 501.4 and 3312.1; NFPA 241-2013 § 8.7.2) Fire hydrant distribution shall follow IFC-2018 Table C102.1.
23. Required Fire Department access roads shall be an all-weather surface. (IFC-2012: § 503.2.3) Fire Department access roads shall be provided prior to construction/demolition projects begin. (IFC-2018 § 501.4 and 3310.1; NFPA 241-2013 § 7.5.5) Required Fire Department access roads shall be designed to support a fire apparatus with gross axle weight of 85,000 pounds. (IFC-2018: § 503.2.3)
24. Dead-end streets in excess of 150 feet in length resulting from a “phased” project shall provide an approved temporary turnaround feature (i.e., cul-de-sac, hammerhead). (IFC-2018: § 503.2.5) The turning radius for Fire Department access roads shall be 30 feet inside and 50 feet outside radius. (IFC-2018: § 503.2.4)
25. Aerial fire apparatus access roads shall be provided for any building that is 30 feet in height or greater. Aerial fire apparatus roads are a minimum 26 feet wide, at least 15 feet away from the building but not more than 30 feet from the structure. (IFC-2018 § D105). Buildings exceeding three (3) stories or 30 feet in height shall have at least two means of fire apparatus access. (IFC-2018: § D104.1)
26. Dumpster screening should abide by 88-425-08-A, but consider raising the screening approximately 1 1/2 to 2 inches off the ground to allow pedestrians sight within the concealment area for safety. A convex mirror could also be considered to remove the concealment area created by dumpster screening.
27. Addresses should be shown on elevations to verify that they will be large and clearly visible from the roadway.
28. The developer shall be responsible for dedication of parkland, private open space in lieu of parkland, or payment of cash-in-lieu of either form of dedication, or any combination thereof in accordance with 88-408. Should the developer choose to pay cash-in-lieu of dedicating all or a portion of the required area, the amount due shall be based upon the 2023 acquisition rate of \$64,220.18 per acre. This requirement shall be satisfied prior to certificate of occupancy.
29. The developer shall submit plans to the Parks and Recreation Department and obtain permits prior to beginning construction of streetscape improvements (including but not limited to sidewalks, curbs, gutters, streetscape elements,

pedestrian and streetlighting) on the Parks jurisdictional streets and construct improvements, ADA compliant ramps at all required locations where new private drives are being added, or where existing sidewalks are modified or repaired. Such improvements shall be installed per Parks and Recreation Department standards. This applies to that work along Benton Boulevard.

30. The developer shall submit a streetscape plan with street tree planting plan per 88-425-03 for approval and permitting by the Parks and Recreation Department's Forestry Division prior to beginning work.
31. The developer shall submit a letter to the Parks and Recreation Department from a licensed civil engineer, licensed architect, or licensed landscape architect, who is registered in the State of Missouri, stating the condition of the sidewalks, curbs, and gutters along boulevard/parkway, which is a parks and recreation jurisdictional street. The letter shall identify state of repair as defined in Chapters 56 and 64, Code of Ordinances, for the sidewalks, curbs, and gutters. It shall identify the quantity and location of sidewalks, curbs, and gutters that need to be constructed, repaired, or reconstructed. The developer shall secure permits to repair or reconstruct the identified sidewalks, curbs, and gutters as necessary along all development street frontages, as required by the Parks and Recreation Department, prior to recording the plat/issuance of any certificate of occupancy permits including temporary certificate occupancy permits. This applies to that work along Benton Boulevard.
32. The developer shall comply with the parkway and boulevard standards as outlined in 88-323 unless specific variances are requested as part of these plans and approved by the Board of Zoning Adjustment.
33. The developer shall have a water flow test done to ensure there is adequate water pressure to serve the development.
34. When an existing building is being renovated, is being changed in use or occupancy, or is undergoing a building addition, and the existing water service line(s) will be reused, the water service line(s) and related appurtenances shall meet the most current version of Kansas City Water rules and regulations.
35. The developer shall ensure that water and fire service lines should meet current Water Services Department rules and regulations prior to a certificate of occupancy.
36. No water service line will be less than 1-1/2" in diameter where three or more units or commercial building will be served by one domestic service line and meter. Our records indicate that the existing public water distribution main in Benton Boulevard is a 1914 vintage 6" CIP water main. The developer's design engineer will need to confirm through comparative analysis the available capacity of the existing system and new domestic and fire flow demands and provide this

analysis to Kansas City Water staff for review. It is anticipated that the 6" public water main in Benton Boulevard will need to be upsized and replaced from approximately 36th Street to 37th Street. A parallel 30" transmission main exists in Benton Boulevard that can provide additional capacity to the new distribution main, however the 30" main cannot be tapped directly. If replacement and upsizing of the 6" main is confirmed to be required, then the developer shall be responsible for designing and constructing the improvements per Kansas City Water rules and regulations. Plans shall be submitted as water main extension drawings prepared by a Missouri professional engineer for review, acceptance and contracts.

A copy of said development plan is on file in the office of the City Clerk with this ordinance and is made a part hereof.

Section C. That the development plan described above is hereby approved with the following deviations from Chapter 88, Code of Ordinances:

1. The developer shall be granted a deviation to Section 88-323-02 requiring non-residential development to be setback a maximum of 20 feet from the right of way line, the deviation would allow for the commercial structure to be set back 46 feet 4 inches from the right of way line.

Section D. That the Council finds and declares that before taking any action on the proposed amendment and development plan hereinabove, all public notices and hearings required by the Zoning and Development Code have been given and had.

..end

I hereby certify that as required by Chapter 88, Code of Ordinances, the foregoing ordinance was duly advertised and public hearings were held.

Executive Summary

A request to approve a rezoning to district UR (Urban Redevelopment) from district R-2.5 (Residential 2.5) and approval of a development plan for a mixed use development.

Discussion

The applicant is requesting approval to rezone the property from district R-2.5 to district UR. The applicant is also proposing to reuse the historic Ladd School on the southern portion of property. The existing structure would contain office, residential (25 units), auditorium live/work, restaurant, gym, and retail uses. The applicant is also proposing one new construction to be used for commercial and residential uses with a small patio and four new residential buildings containing 56 units along the eastern side of the property. The western half of the property behind the existing building will be used for parking. Access to the property is off of Benton Boulevard, Bellefontaine Avenue and East 37th Street to the south. The applicant completed the public engagement requirements in compliance with code, the notice and sign in sheet are attached to the staff report.

At the City Plan Commission meeting the applicant requested revisions to three conditions, conditions 9, 11, 33. The revision to condition 9 changed the requirement from “prior to ordinance request” to “prior to building permit”. The applicant worked with staff from Planning and the Police Department to determine an appropriate solution to the lighting on the site. Revisions to conditions 11 & 33 changed the requirements from “prior to final plat” to “prior to building permit” and removing “prior to final plat” from the language. The applicant is not proposing to plat and removing those statements clarified the timelines in the conditions.

There was no one online or in person to provide public testimony and the City Plan Commission recommended approval with conditions (with the revisions as stated above and reflected in the City Plan Commission Disposition Letter).

Fiscal Impact

1. Is this legislation included in the adopted budget? Yes No

2. What is the funding source?
Not applicable as this is a zoning ordinance authorizing the physical development and allowed uses on the subject property.
3. How does the legislation affect the current fiscal year?
Not applicable as this is a zoning ordinance authorizing the physical development and allowed uses on the subject property.
4. Does the legislation have a fiscal impact in future fiscal years? Please notate the difference between one-time and recurring costs.
The developer has expressed interest in financial incentives; however incentives require separate approval and are not authorized by passage of this ordinance.
5. Does the legislation generate revenue, leverage outside funding, or deliver a return on investment?
This ordinance authorizes physical development of the subject property, which may generate revenue.

Office of Management and Budget Review
(OMB Staff will complete this section.)

1. This legislation is supported by the general fund. Yes No
2. This fund has a structural imbalance. Yes No
3. Account string has been verified/confirmed. Yes No

Additional Discussion (if needed)

No account string to verify as this ordinance has no fiscal impact.

Citywide Business Plan (CWBP) Impact

1. View the [FY23 Citywide Business Plan](#)
2. Which CWBP goal is most impacted by this legislation?
Housing and Healthy Communities (Press tab after selecting.)
3. Which objectives are impacted by this legislation (select all that apply):
 - Utilize planning approaches in neighborhoods to reduce blight, ensure sustainable housing, and improve resident wellbeing and cultural diversity.
 - Maintain and increase affordable housing supply to meet the demands of a diverse population.

- Address the various needs of the City's most vulnerable population by working to reduce disparities.
- Foster an inclusive environment and regional approach to spur innovative solutions to housing challenges.

Prior Legislation

Committee Substitute for Ordinance No. 36287 approved 01/17/1969 approving the General Urban Renewal Plan including the Central Business District, Columbus Park, Garfield, Woodland, Oak Park, etc.

Ordinance No. 39874 approved on 07/16/1971 approving the definitive Oak Park Urban Renewal Plan.

Service Level Impacts

No impact expected.

Other Impacts

1. What will be the potential health impacts to any affected groups?
This zoning ordinance authorizes the reuse of the Ladd School for a mixed use building, a new mixed use building, and four new residential buildings. These are not expected to have a health impact.
2. How have those groups been engaged and involved in the development of this ordinance?
Not applicable.
3. How does this legislation contribute to a sustainable Kansas City?
City Planning and Development Staff evaluated this against the following sustainability goals/objectives in The KC Spirit Playbook:
 - Will preserve places that celebrate all facets of Kansas City's history and cultural heritage.
 - Will provide well-connected, efficient, and sustainable mobility options to reduce greenhouse gas emissions. They reduce the need for a vehicle and reduce vehicle miles traveled due to inefficient urban sprawl.
 - Sustainable growth balances human, societal, and economic needs with environmental needs in an effort to create thriving, resilient communities over time.

- Walkable communities promote compact development, which reduces the impact of the city's growth on natural habitats and systems.

Sponsor: Director of City Planning and Development Department

Amending Chapter 88, the Zoning and Development Code, by repealing Section 88-305-04, Home Occupation, and enacting in lieu thereof a new section of like number and subject matter for the purpose of compliance with state law; by repealing Section 88-205-07 Documentation of Overlays, and enacting in lieu thereof a new section of like number and subject matter for the purpose of documenting the recently-adopted Westport Overlay District; by enacting Section 88-327, Communication Services Establishments to provide standards for said uses; and by repealing Section 88-110-03 Table 110-1 (Residential Districts Use Table), Section 88-120-03 Table 120-1 (Business Districts Use Table), and Section 88-130-03 Table 130-1 (Downtown Districts Use Table) and enacting in lieu thereof new tables in each section for the purposes of referencing the use standards of 88-327; by repealing Section 88-516-06-A Major Amendments to Development Plans or Project Plans, and enacting in lieu thereof a new section of like number and subject matter for the purpose of reducing the number of major amendments required. (CD-CPC-2023-00106)

BE IT ORDAINED BY THE COUNCIL OF KANSAS CITY:

Section 1. Amending Chapter 88, the Zoning and Development Code, by repealing Section 88-305-04, Home Occupation, and enacting in lieu thereof a new section of like number and subject matter, said section to read as follows:

88-305-04 HOME OCCUPATION

88-305-04-A. GENERAL

Home occupations are accessory uses to uses in the household living category. The regulations of this section are primarily intended to ensure that home occupations in R zoning districts will not be a detriment to the character, livability, and safety of the surrounding residential neighborhood. The regulations are also intended to ensure that the home occupation remains subordinate to the residential use, and that the residential viability of the dwelling is maintained. The regulations also recognize that many types of work can be done in a home with little or no effect on the surrounding neighborhood.

88-305-04-B. APPLICABILITY

Home occupations are allowed in R districts only if they comply with all the standards of this section.

88-305-04-C. EXEMPTIONS

1. **HOME-BASED DAY CARE**

Home-based day care facilities are not regulated as home occupations and are exempt from the regulations of this section.

2. **BED AND BREAKFAST**

Bed and breakfast uses are not regulated as home occupations and are exempt from the regulations of this section.

88-305-04-D. STANDARDS

A dwelling unit or accessory building may be used for one or more home occupations subject to compliance with all of the following minimum standards:

1. The home occupation must be accessory and secondary to the use of a dwelling unit for residential purposes, and the home occupation must not change the residential character of the residential building or adversely affect the character of the surrounding neighborhood.
2. The home occupation and all related activities shall be permitted within any dwelling unit and accessory building on the site as well as any yard not visible from the street.
3. No home occupation may produce or emit any noise, vibration, smoke, dust, or other particulate matter, odorous matter, heat, humidity, glare, or any other effect that unreasonably interferes with any person's enjoyment of their residence.
4. Hazardous substances are prohibited, except that consumer quantities are allowed. Consumer quantities of hazardous substances are packaged and distributed in a form intended or suitable for sale through retail sales outlets for consumption by individuals for purposes of personal care and household use.
5. One non-illuminated wall sign, not exceeding 80 square inches in area may be displayed.

Section 2. Amending Chapter 88, the Zoning and Development Code by repealing Section 88-205-07 Documentation of Overlays, and enacting in lieu thereof a new section of like number and subject matter, said section to read as follows:

88-205-07 DOCUMENTATION OF OVERLAYS

88-205-07-A. Once an overlay district is approved by the city council, the city planning and development department must amend the official zoning maps to identify the overlay district boundaries and designation, together with the underlying zoning designation.

88-205-07-B. The city planning and development department must maintain a list of established overlay districts by type.

88-205-07-C.

88-327 COMMUNICATIONS SERVICE ESTABLISHMENTS

88-327-01 PURPOSE AND APPLICABILITY

The purpose of these standards is to permit communications service establishments in more districts due to their limited impact on adjacent properties while also acknowledging that such uses may negatively impact pedestrian-oriented areas of the city due to the relative lack of

pedestrian traffic they generate. These standards allow the uses in more districts when the impact is minimized.

88-327-02 IN DISTRICT R-80

Communications service establishments shall not exceed 50,000 square feet in floor area unless approved by special use permit in accordance with 88-525.

88-327-03 IN B & D DISTRICTS

1. Communications service establishments shall not occupy the ground floor of any building with street frontage. For the purposes of this section, a building with street frontage is any building located within 50 feet of a street right-of-way line.
2. Communications service establishments shall not exceed 100,000 square feet in floor area unless approved by special use permit in accordance with 88-525.

Section 4. Amending Chapter 88, the Zoning and Development Code, by repealing Section 88-516-06, Amendments to Development Plans or Project Plans, and enacting in lieu thereof a new section of like number and subject matter, said section to read as follows:

88-516-06 - AMENDMENTS TO DEVELOPMENT PLANS OR PROJECT PLANS

88-516-06-A. MAJOR AMENDMENTS

1. Major amendments to approved development plans or project plans must be reviewed and approved in accordance with the development plan or project plan review procedures of this ordinance. Major amendments to development plans or project plans include one or more changes, in cumulative total (when compared to the original plan approval), that would:
 - a. increase building coverage by more than 10%;
 - b. increase the total floor area by more than 10%;
 - c. increase building height by more than 10% ;
 - d. increase the total impervious surface coverage by more than 10% ;
 - e. result in extensive site modification involving location of buildings, razing, and reconstruction of approved uses;
 - f. increase the number of dwelling units by more than 10%; or
 - g. result in any other change that the city planning and development director determines will have impacts that warrant full review of the application in accordance with the development plan review procedures.

88-516-06-B. MINOR AMENDMENTS

Any application for an amendment to an approved development plan or project plan that does not meet the criteria for a major amendment will be considered a minor amendment.

Minor amendments may be approved by the city planning and development director. A minor amendment may include a change in an approved phasing plan.

88-516-06-C. PLAN AMENDMENT - MULTIPLE OWNERS

1. In the case of a plan amendment with multiple owners, a single property owner may initiate the application to amend the plan if:
2. The amendment to the plan does not adversely affect the remaining parcels within the plan boundaries as to density, parking, setbacks, or other similar factors as provided in the rules and regulations of the city plan commission; and
3. The applicant property owner has notified all other property owners within the plan boundaries, in the form and manner adopted by the city plan commission and by certified mail, and has received no written objection to such amendment within 30 days after the date such notice is mailed.

Section 5. That the Council finds and declares before taking any action on the proposed amendment hereinabove, all public notices and hearings required by law have been given and had.

..end

I hereby certify that as required by Chapter 88, Code of Ordinances, the forgoing ordinance was duly advertised and public hearings were held.

Docket Memo

Ordinance/Resolution #: 231047

Submitted Department/Preparer: City Planning

Revised 11/01/23

Docket memos are required on all ordinances initiated by a Department Director. More information can be found in [Administrative Regulation \(AR\) 4-1](#).

Executive Summary

This ordinance amends Chapter 88 of the Code of Ordinances, commonly referred to as the Zoning and Development Code. The amendments were identified by staff as part of a work program known as periodic review, where staff discuss issues or questions raised during the prior quarter while applying the code in their daily work. Topics discussed are either determined to require an amendment to the code or not. Those issues requiring an amendment are then researched for best practices in the field of urban planning and development policy and draft language is prepared. Once prepared, it is posted to the department's webpage for approximately 30 days preceding a public hearing before the City Plan Commission. After the Commission holds its hearing it makes a recommendation to City Council.

Discussion

The amendments proposed in this periodic review cycle are:

1. Home Occupations
This amendment would bring the zoning and development code into alignment with state law, which recently changed, greatly restricting cities' ability to regulate home-based businesses.
2. Documentation of Overlays
This amendment is correcting an error where reference to the Westport Overlay District in a table of overlay districts was left out when the WOD was adopted last summer.
3. Communication Services Establishments
This amendment is responding to changing conditions where it is becoming more common for these uses to have a smaller building footprint, and therefore possibly making them more appropriate in other areas of the city (currently they are allowed primarily in industrial zoning districts). The amendment proposes use standards to ensure that the use is compatible in the districts it will now be permitted in.

4. Major Amendments to Approved Plans

This amendment is responding to the high volume of major amendments to approved plans that come before City Plan Commission and City Council. The code provides criteria for staff, developers, and design professionals to use to determine when an amendment to an approved plan warrants City Plan Commission and Council Council approval (as opposed to staff-level approval). The criteria state that any increase in impervious area or building floor area by more than 10% or 2,000 square feet WHICHEVER IS LESS triggers such an amendment. The square foot area cap is low and unfairly targets large users (say a 50,000 square foot building, already approved, adding 2,200 square feet). Staff proposes retaining the percentages as triggers, but omitting the caps.

Fiscal Impact

1. Is this legislation included in the adopted budget? Yes No
2. What is the funding source?
Not applicable.
3. How does the legislation affect the current fiscal year?
Not applicable.
4. Does the legislation have a fiscal impact in future fiscal years? Please notate the difference between one-time and recurring costs.
The state law regarding home based businesses prohibits cities from requiring any license, including a business license. The modification to the major amendment criteria may reduce administrative costs for the city.
5. Does the legislation generate revenue, leverage outside funding, or deliver a return on investment?
No.

Inclusive Growth and Development (Press tab after selecting.)
3. Which objectives are impacted by this legislation (select all that apply):
 - Align the City's economic development strategies with the objectives of the City Council to ensure attention on areas traditionally underserved by economic development and redevelopment efforts.
 - Ensure quality, lasting development of new growth.
 - Increase and support local workforce development and minority, women, and locally owned businesses.
 - Create a solutions-oriented culture to foster a more welcoming business environment.
 - Leverage existing institutional assets to maintain and grow Kansas City's position as an economic hub in the Central United States.

Prior Legislation

None.

Service Level Impacts

None expected.

Other Impacts

1. What will be the potential health impacts to any affected groups?
Health impacts have not been analyzed.
2. How have those groups been engaged and involved in the development of this ordinance?
The proposed amendment was posted to the city's website for a month and two public hearings will be held. Since regulatory amendments have citywide application, the stakeholder group includes the entire city and thus it is not feasible to meet with individual stakeholders.
3. How does this legislation contribute to a sustainable Kansas City?
It responds to changed conditions.

4. Does this legislation create or preserve new housing units?
No (Press tab after selecting)

5. Department staff certifies the submission of any application Affirmative Action Plans or Certificates of Compliance, Contractor Utilization Plans (CUPs), and Letters of Intent to Subcontract (LOIs) to CREO prior to, or simultaneously with, the legislation entry request in Legistar.

No - CREO's review is not applicable (Press tab after selecting)

Please provide reasoning why not:

This is an amendment to the zoning and development code and applies to development of private property.

Subject: Ordinance 231047 - NPD 2/28, public testimony
Date: Wednesday, February 28, 2024 7:25:34 AM

Good morning,

I am not able to attend the February 28, 2024, NPD committee hearing, but wanted to provide feedback on behalf of the Kansas City Neighborhood Advisory Council (KCNAC) in the ongoing discussion of the proposed amendment language.

I did not find any new documents for today's hearing, so these comments are based on documents prepared for prior hearings. Additionally, I did not see the committee substitute introduced at the 2/21 NPD hearing and would appreciate clarification as to whether that version will be formally included in the perfection of this ordinance.

Communications Service Establishments

- District R-80 - We recommend that these establishments be considered by **special permit only** for the following reasons:
 - The impact on land use and adjacent properties in these areas may not be limited. As compared to B&D districts, the underlying zoning of residential property is dramatically different from the commercial nature of a data center and may not provide adequate project guidance or protection for adjacent land uses. A facility of even 50,000 square feet should likely require rezoning to engage all necessary input for successful integration into a residential zone.
 - Data centers can, based on their size and operational design, use large amounts of water for cooling. R-80 zones in Kansas City, Missouri, are generally not on municipal water or wastewater systems. Any water use of commercial scale that draws from natural water sources should be carefully considered. This activity could deplete natural aquifers and subsurface sources to the detriment of adjacent and existing agricultural and residential activities, including private wells serving residents where there is no plan to connect to a municipal water system or where that connection is cost prohibitive for the City.
 - Similarly, the disposal of waste water should be carefully considered as to avoid impacting adjacent land uses and natural systems.
 - Long range planning documents should be reviewed, not simply amended, through the process of rezoning and development reviews to forecast future infill development in areas zoned R-80 and mitigate large facilities in areas that have potential higher uses or those that are more suitable for residential, neighborhood business, or job centers.
 - Existing street infrastructure in existing R-80 zones may be insufficient for both construction activity and ongoing operations. This gap in serviceability could negatively impact adjacent residents and businesses through rapid deterioration of existing infrastructure and/or further burden

the City with the cost of improvements with minimal return to the city or county in offsetting property taxes and business income.

- B&D Districts
 - The current dialogue around limiting the size of communications establishments in these zones is appropriate as is the development of design standards to protect pedestrian-oriented areas of the City. We look forward to reviewing any proposed changes in this section of the amendments.
- Home Occupations
 - It is our understanding that this section of the original ordinance will be removed and reintroduced as a separate ordinance. The timing of that introduction has not been discussed, however, KCNAC looks forward to participating in that process.
- Amendments to Development Plans or Project Plans
 - It is our understanding that this section of the original ordinance will be removed and reintroduced as a separate ordinance. The timing of that introduction has not been discussed, however, KCNAC will continue to support Historic Kansas City in the development of this language and looks forward to participating in that process.

Declaring a moratorium until October 11, 2024, on the issuance or approval of any permits, plan review, project plans, and zoning changes, where the subject matter of the project is a proposed liquor store or vape shop in any locations along Barry Road between N.W. Waukomis Drive and N. Platte Purchase Drive.

WHEREAS, Barry Road between N.W. Waukomis Drive and N. Platte Purchase Drive is an area that is largely undeveloped; and

WHEREAS, the City wishes to undertake a community planning process in the Barry Road area, one of the outcomes which will be to define acceptable development standards and other requirements along Barry Road, including studying the possibility of adoption of a zoning overlay district that would establish special land use regulations, standards and procedures for future development along Barry Road; and

WHEREAS, the community planning process will include studying whether liquor and vape-based businesses are the most aesthetically pleasing for new development on street frontage along Barry Road, and whether such uses are a detriment to the economic vitality of the area and the health, safety and general welfare of the community; and

WHEREAS, approval of new liquor store and vape-based businesses in the middle of a community planning process has the potential to undermine and frustrate the process; NOW, THEREFORE,

BE IT ORDAINED BY THE COUNCIL OF KANSAS CITY:

Section 1. That the City Council hereby declares that there is a moratorium until October 11, 2024, on the issuance or approval of any permits, plan review, project plans, and zoning changes, where the subject matter of the project is a proposed liquor store or vape-based businesses in any locations along Barry Road, between N.W. Waukomis Drive and N. Platte Purchase Drive.

Section 2. That the City Manager is directed to initiate a community planning process in the Barry Road area between N.W. Waukomis Drive and N. Platte Purchase Drive, and to review and recommend any appropriate changes to the zoning and other relevant regulatory controls over the uses subject to the moratorium and to report back in 60 days.

Discussion

The Port Authority of Kansas City, Missouri is authorized by the Port Improvement District Act, Sections 68.200 et seq., RSMo, ("Act") to petition the circuit court for the creation of a special taxing district ("PID"). Starlight Theatre's Board of Directors seeks to overlay the theater with a PID for the purpose of generating revenues to fund the theater's capital improvements campaign and ongoing capital reinvestments. The Act requires that any petition to create a PID have the consent of the relevant property owners, and upon court approval of the PID, the City, in its capacity as the property owner, will have the right to cast a ballot in support of the 1% sales and use tax. The creation of the PID will impose no monetary obligations on the City and will assist in generating revenues that will enhance and maintain a publicly owned asset.
