Dear Councilwoman Robinson and Councilman Ellington and the rest of the KCMO City Council, My name is Daniel Tucker and I live in the 3rd district. I am writing to ask you to vote YES on the Climate Protection and Resiliency Plan without any weakening amendments or changes. We deserve a climate plan that will not only uplift our environment, but also uplift our communities. I'm excited to see Kansas City pass a framework that endorses living-wage, union jobs, green social housing, the closing of the Hawthorn Coal Plant with a just transition for workers, the maximization of convenient and accessible public transit, and electrification of our homes and buildings to protect the most vulnerable people. As written now, this plan better reflects the people of Kansas City, not fossil fuel executives or their friends, therefore it must pass in full, without any industry-backed amendments intended to water down the will of the community. We are counting on you to pass the CPRP and give us a livable future. Thanks, Daniel Tucker
