

Ordinance #200127 - Authorizing a \$7,518,506 agreement with Evergy to provide redundant electrical service to the New Parking Garage & Terminal

- Improvements add redundant electrical service to New Parking Garage & Terminal by connecting service from the existing electric substation located at the Overhaul Base.
- Project paid for through Terminal Modernization Project bonds.

Ordinance #200133 - Authorizing a Site Lease Agreement between the City and Sprint Spectrum LP at KCI

- Permits Sprint to install and operate a Distributed Antenna System (DAS).
- DAS allows for multiple carriers to transmit their signal over a common use antenna.
- KCAD prefers a DAS system concept given the limited space in and around the terminal over having all carriers construct their individual proprietary antennas.
- DAS antennas placed onto the Garage Stair Towers (3) and directed into the terminals to enhance the signal and capacity.
- Once New Terminal is in operation – this DAS is terminated.

Ordinance #200134 - Authorizing execution of an Off-Airport Parking Permit Agreement with PNGLU D/B/A Park N Go

- Off-Airport Parking Operators (Parking Spot) Airport receives 10% gross revenues attributed from parking. Without Airport – no need for parking.
- Located to the East of Ambassador Drive and Cookingham.
- Park N Go constructed approximately 2,000 covered spaces and planning to charge \$9.00 per day.

KCI Charges:

Valet	\$27.00
Garage	\$23.00
Circle	\$15.50
Park Air	\$9.00 - \$13.00
Economy	\$7.50

- Begin operation in March with anticipated revenue to City equaling \$583,000 the first year.
