No term, covenant, or condition of this Contract can be waived except by written consent of CITY, and forbearance or indulgence by CITY in any regard whatsoever shall not constitute a waiver of same to be performed by CONTRACTOR to which the same may apply and, until complete performance by CONTRACTOR of the term, covenant or condition, CITY shall be entitled to invoke any remedy available to it under this Contract or by law despite any such forbearance or indulgence.

Sec. 13. Acceptance. No payment made under this Contract shall be proof of satisfactory performance of the Contract, either wholly or in part, and no payment shall be construed as acceptance of deficient or unsatisfactory Product.

Contractor shall:

- (a) Submit, in print or electronic format, a copy of Contractor's current certificate of compliance to the City's Human Relations Department (HRD) prior to receiving the first payment under the Contract, unless a copy has already been submitted to HRD at any point within the previous two (2) calendar years. If, and only if, Contractor does not possess a current certification of compliance, Contractor shall submit, in print or electronic format, a copy of its affirmative action program to HRD prior to receiving the first payment under the Contract, unless a copy has already been submitted to HRD at any point within the previous two (2) calendar years.

City has the right to take action as directed by City's Human Relations Department to enforce this provision. If Contractor fails, refuses or neglects to comply with the provisions of Chapter 38 of City's Code, then such failure shall be deemed a total breach of this Contract and this Contract may be terminated, canceled or suspended, in whole or in part, and Contractor may be declared ineligible for any further contracts funded by City for a period of one (1) year. This is a material term of this Contract.

Sec. 16. Tax Compliance. If the total Purchase Price exceeds \$160,000.00 from all Purchase Orders issued by the CITY for the period of May 1st through April 30th, CONTRACTOR shall provide proof of compliance with the CITY's tax ordinances administered by the CITY's Commissioner of Revenue as a precondition to the CITY making the first payment under this Contract. CONTRACTOR also shall submit to the CITY proof of compliance with the CITY's tax ordinances administered by the CITY's Commissioner of Revenue as a condition precedent to the CITY making final payment under the Contract.

- (c) CONTRACTOR shall defend, indemnify and hold harmless CITY from and against all claims arising out of or resulting from all acts or omissions in connection with this Contract caused in whole or in part by CONTRACTOR or CONTRACTOR's

Agents, regardless of whether or not caused in part by any act or omission, including negligence, of CITY. CONTRACTOR is not obligated under this Section to indemnify CITY for the sole negligence of CITY.

- (d) In no event shall the language in this Section constitute or be construed as a waiver or limitation of the CITY's rights or defenses with regard to sovereign immunity, governmental immunity, or other official immunities and protections as provided by the federal and state constitutions or by law.

Sec. 20. Insurance.

- (a) CONTRACTOR shall procure and maintain in effect throughout the duration of this Contract insurance coverage not less than the types and amounts specified in this section. In the event that additional insurance, not specified herein, is required during the term of this Contract, CONTRACTOR shall supply such insurance at CITY's cost. Coverage provided shall be on an "any auto" basis and written on an "occurrence" basis. This insurance will be written on a Commercial Business Auto form, or acceptable equivalent, and will protect against claims arising out of the operation of motor vehicles, as to acts done in connection with the Contract, by CONTRACTOR.

- (b) The Commercial General Liability Insurance specified above shall provide that CITY and its agencies, officials, officers, and employees, while acting within the scope of their authority, will be named as additional insureds for the services performed under this Contract. CONTRACTOR shall provide to CITY at execution of this Contract a certificate of insurance showing all required endorsements and

Sec. 21. Interpretation of the Contract. The terms and conditions of this Piggy Back Contract take precedence over the terms and conditions of the Primary Contract if there is any conflict between the terms and conditions of the Piggy Back Contract and the Primary Contract. This Contract may be executed in one or more counterparts, each of which will be deemed an original copy of this Contract and all of which, when taken together, will be deemed to constitute one and the same Contract. If Contractor shall subcontract any part of Contractor's obligations or interests under this Contract without having identified the subcontractor, it shall constitute a material breach of this Contract. The utilization of subcontractors shall not relieve Contractor of any of its responsibilities under the Contract, and Contractor shall remain responsible to City for the negligent acts, errors, omissions or neglect of any subcontractor and of such subcontractor's officers, agents and employees. City shall have the right to reject, at any point during the term of this Contract, any subcontractor identified by Contractor, and to require that any subcontractor cease working under this Contract. City's right shall be exercisable in its sole and subjective discretion. City shall not be obligated to pay or be liable for payment of any monies which may be due to any subcontractor. Sole Brand Waiver Kansas City Code Section 3-7

DATE: June 29, 2021

TO: Pat Klein, Director of Aviation Department
Keely Golden, Procurement Manager

^{DS}
pk

FROM: Ian Redhead, Deputy Director of Operations and Maintenance

^{DS}
IR

SUBJECT: Sole Brand Procurement from Arconas Furniture

It is recommended that in accordance with Code Section 3-3, the solicitation requirements of Code Section D number 5 to enter into a piggyback contract with Arconas Furniture based on their GSA contract GS-27F-018GA for additional seating in the new OneTerminal, as it is necessary to provide essential services or meet city contractual obligations.

The Aviation Department is requesting to mark a sole brand designation for Arconas Furniture. “The new terminal hold room design requires a total of 4,924 passenger seats. The Aviation department decided to purchase the Arconas Flyaway seats for the hold rooms because the airport currently has 1,000 existing Flyaway seats with the same color seats purchased in two 2017 purchases. This decision, including the addition of new power models, cup holders and cable management, was a saving of \$714,692 on this purchase. The Flyaway benches, that are necessary for the recompose areas at the security checkpoint, were chosen as they are part of the same family series as the hold room seats.”

The estimated total for this contract is \$4,047,605 including all furniture and services. The contract will be multi-year and match the GSA schedule term. Phase 1 includes the purchase of the furniture, peripherals and warranty. Phase 2 includes the installation and ancillary services. MWBE goals are in the process of being established for the Phase 2 portion.

If you have any questions, please contact Ian Redhead at 816-243-3100.

ARCONAS commitment

our vision To be the world's authority in furniture for public spaces.

our mission Arconas defines what high design and high performance are all about. We build public seating that is elegant, comfortable and durable. And we build it with a commitment to excellence and environmental stewardship.

our values We respect, appreciate and value everyone.
We maintain a strong tradition of innovation.

Arconas has practiced environmentally responsible operations since we began manufacturing in 1972.

All of our public seating lines meet the requirements of the ANSI/BIFMA Emissions Standards X7.1.2011. Our beam-based products are low VOC and do not contribute to poor indoor air quality.

The MDF we use is made from recycled/recovered wood fibers rather than using new wood. We also have available a formaldehyde-free MDF option. Many of our upholstery choices are made of recycled fibers. When new wood is used in our table tops, Forest Stewardship Council (FSC) certified wood options are available.

Arconas and the environment Arconas is fully committed to reduce waste, reuse materials and recycle wherever possible to minimize landfill contributions.

change orders

Substitutions, deletions, additions or other changes to an Order may not be made by a Customer without the written approval of Arconas. A \$500 change fee will apply to all confirmed orders once they have been acknowledged by Arconas.

The purchase price for the Products as described in Arconas' quotation is F.O.B. Arconas' factory (the "Purchase Price"). Payment terms shall be as described in Arconas' quotation.

If any undisputed amount payable by the Customer under this Agreement is not paid when due, Arconas may assess and, if so assessed, the Customer shall pay a late charge at the rate of twelve percent (12%) of the outstanding amount (or at highest rate permitted by law, whichever is lower), per annum, pro rated on a daily basis. If an invoiced item is disputed, the Customer must give Arconas written notice of such dispute with full particulars thereof within thirty (30) days after the Customer's receipt of the applicable invoice. If the Customer disputes an invoiced item and such invoiced item is upheld in Arconas' favour, then such late payment charge provided for herein shall apply to the time period starting ten (10) days from the date on which the dispute is resolved. If the invoice contains an error, the Customer shall notify Arconas of such error and late charges shall apply thirty (30) days after the Customer's receipt of a corrected invoice.

Unless expressly provided for in Arconas' quotation and the Order, the Purchase Price does not include any applicable taxes, duties or other assessments that are applicable to the Order. The Customer shall pay any applicable taxes, duties or other assessments of a governmental authority and related interest and penalties relating to the Order (excluding taxes on Arconas' income). The Customer shall forthwith provide Arconas with copies of any documents which are reasonably requested by Arconas to evidence the remittance of any taxes, duties or other assessments relating to the self-assessment and remittance of taxes, duties or other assessments paid by the Customer relating to an Order. The Customer shall indemnify and save Arconas and Arconas' directors harmless from any taxes, duties, assessments, penalties, interest or other amounts which may be payable by or assessed against Arconas or its directors as a result of or in connection with the Customer's failure to pay in full when due all taxes, duties or other assessments relating to an Order.

CUSTOM CONFIGURATION EXAMPLES illustrate beam length calculations.

ex. 1 : Two seat unit with gap. Beam length 49" / 1245 mm.

ex. 2 : Three seat unit with arms at every seat position. Beam length 72" / 1829 mm.

ex. 3 : **Bariatric** applications require legs to be positioned on both sides of the seat. Reference page 11 for leg price. Beam length 78 7/8" / 2003 mm.

ex. 4 : Three seat unit with arms and 13" intermediate tables. Beam length 125" / 3175 mm.

This page illustrates pricing for custom configurations. Component prices (page 11) are used to calculate any configuration that is not an Arconas standard lounge unit.

Config 1 : 30" seat unit with arm, grade A fabric.

AERS30 + AERARMU
 $695 + 80 = \$775$

Config 2 : 22" seat units with gap between seats; no arms, grade C fabric.

AERS22 + AERS22
 $688 + 688 = \$1376$

Config 3 : 22" seat units with arms, grade G fabric.

(AERARMU x 4) + (AERS22 x 3)
 $(80 \times 4) + (782 \times 3) =$
 $320 + 2346 = \$2666$

Config 4 : 30" seat units with arms and 13" laminate inline tables with extra leg set, grade B fabric.

(AERARMU x 6) + (AERS30 x 3) + (AERTAB13 x 2) + AERLEGS
 $(80 \times 6) + (724 \times 3) + (313 \times 2) + 101 =$
 $480 + 2172 + 626 + 101 = \3379

inPower™ flex provides power for the most common personal electronic devices such as laptop computers, DVD players, PDAs, MP3 Players, PSPs, digital cameras, etc.

This unique power source comes in two options: the inPower flex, and inPower flex 3. The inPower flex consists of a module with dual receptacles for **120 VAC** and two **5 VDC USB ports**. The inPower flex 3 consists of two receptacles for 120 VAC, and two 5 VDC USB-C ports. The receptacles can be connected in series to power many modules from a single source. Modules can be mounted on linear units and back-to-back units, under intermediate or connecting tables and under cluster tabletops. Special brackets are provided for each specific application.

The inPower™ flex system is designed to minimize tripping of the building circuit breakers. This will minimize the need to access the electrical closets when an overload occurs.

InPower units are available for North America, Europe (U.K.), India and Universal.

The inPower flex module includes a circuit breaker to limit the current that can be drawn by a user to approximately 5 AC (600 watts). This prevents the use of high current devices (hair dryers, travel irons, vacuums, etc.), while allowing the use of all consumer electronics. When a high current device is used, only the one receptacle module shuts down, and can be easily reset by resetting the circuit breaker. Modules also feature tamper resistant electrical receptacles.
