

City of Kansas City, Missouri

Docket Memo

Ordinance/Resolution #

Submitted Department/Preparer: Health

Docket memos are required on all ordinances initiated by a Department Director. More information can be found in [Administrative Regulation \(AR\) 4-1](#).

Executive Summary

Accepting and approving a one-year contract in the amount of \$114,000.00 with the Missouri Department of Health and Senior Services to provide funding for children and youth with special health care needs; and designating requisitioning authority.

Discussion

This funding from the Missouri Department of Health and Senior Services funds coordination services for children and youth with special health care needs who live in the following counties: Jackson, Cass, Clay, Platte, and Ray.

The purpose of the contract is to provide services for children who are at increased risk of chronic physical, developmental, behavioral, or emotional conditions who require health-related services beyond that required by children generally; to assist children and families to identify when to access necessary services and supports to increase healthcare options and to partner with community-based systems to assist in transitions in all aspects of life. The child must qualify medically, and the family must meet income guidelines. The amendment allows the Health Department to fund one full-time case coordinator.

The Kansas City, MO Children and Youth with Special Health Care Needs program provided service coordination services for 116 families from July 2023 to June 2024.
