**Plans Development Objectives Comparison**

<p><b>Page 4</b></p> <p>Due to a number of blighting factors, the Development Area is considered a Blighted Area under the Urban Redevelopment Corporations Law. The purpose of this Plan is to offer property tax relief to homeowners by way of a community-controlled Chapter 353 Corporation, and thus spur local home and neighborhood improvements, in a key area of the City where property tax increases over recent years threaten to displace local taxpaying homeowners. The Development Area is contiguous.</p> <p><b>This Plan provides for redevelopment of the Development Area,</b> legally described on Exhibit 1 and depicted on Exhibit 2. There are no existing buildings within the Development Area that will necessarily need to be demolished or renovated in order to fulfill the aims of the Plan, and no traditional project costs are anticipated in connection with the Plan.</p>	<p><b>Page 11</b></p> <p>Local objectives to be achieved through the implementation of this Urban Renewal include the <b>tax relief for current and long term residents who are providing affordable rentals, leases to low-moderate residents, long-term residents, and commercial/retail space for small business,</b> the creation of a physical character and environment meeting desirable planning standards and the provision of controlled and orderly development in conformance with the recommended land use map and building and zoning codes of Kansas City, Missouri.</p> <p><b>Development objectives</b> to be met through the adoption of this Urban Renewal Plan include the following items:</p> <ul style="list-style-type: none"> <li>• The program is intended to preserve and enhance the homes within the neighborhoods included in the Plan Area and thereby enhance the neighborhoods they're included in.</li> <li>• To eliminate the adverse conditions which qualify the redevelopment project area as a blighted area and an insanitary area, within the meaning of the Land Clearance for Redevelopment Authority Law, and to prevent the recurrence of these conditions which constitute an economic and social liability, have impaired the provision of orderly residential development, and which impair</li> </ul>

**Conformance to the Comprehensive Plan**

<p>Page 3.</p> <p>E. Code of Ordinances. Code of Ordinances of the City of Kansas City, Missouri, and any amendments thereto.</p>	<p>Page 9.</p> <p>The Plan conforms to the KC Spirit Playbook; the City's adopted comprehensive master plan, as it will specifically promote the following objectives:</p> <ul style="list-style-type: none"> <li>• Displacement Mitigation</li> </ul>
-----------------------------------------------------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

**Comparison of the two plans that shows the safety net that is necessary to protect the Westside Community. All information is taken from submitted documents.**

<p>F. Comprehensive Plan. The comprehensive plan of the City.</p>	<ul style="list-style-type: none"> <li>• DM-2 Assist with the formation of community coalitions in neighborhoods being impacted...by displacement due to gentrification...</li> <li>• DM-3 Employ measures to help minimize and prevent displacement...</li> <li>• Housing Affordability and Diversity</li> <li>• HA-3 Preserve existing affordable housing</li> <li>• HA-8 Coordinate and layer tax incentives with other resources...to collectively support the improvement of housing stock in targeted areas</li> </ul>
-------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

**Community Land Trust – what does this offer.**

<p><b>Did not locate reference to trust</b></p>	<p><b>Yes, Land Trust &amp; types.</b>          HEDC promotes asset building, wealth creation and the transfer of wealth to the next generation. Ensuring a person’s asset like a home will be smoothly passed on to his or her beneficiaries, prevents family conflict, higher tax burdens, and exorbitant probate cost.  <b>Common types</b>  <b>Living trust, revocable trust, irrevocable trust, special needs trust</b>  <b>Community Land Trust</b></p>
-------------------------------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

**Eminent domain both plans have standard language.**

<p><b>Page 5</b> Property Acquisition; Eminent Domain. The Developer anticipates that each participating owner-occupant will convey fee title to his or her property to the Developer at the commencement of the tax abatement as further set forth in Article VI, below, to be conveyed back to such owner-occupant immediately. <b>No property will be acquired by eminent domain.</b></p>	<p><b>Page 15</b> Under the provisions of Section 99.420(4) R.S.Mo., the Authority is granted the power of eminent domain for the purposes of assisting in the implementation of approved redevelopment projects and/or the eradication of blight or insanitary conditions. <b>The Authority shall not exercise its power of eminent domain within the Plan Area</b></p>
----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

**Relocation both plans have standard language.**

<p><b>Page 5</b> Relocation Assistance Plan. The Plan does not contemplate relocation of businesses or residents in the Area, or the use of eminent domain. Therefore, no statutory relocation assistance obligations will be triggered as a result of this Plan. If such relocation assistance becomes necessary, the Developer will follow the</p>	<p><b>Page 20</b> The Land Clearance for Redevelopment Authority, by Resolution 85-25, has a Standardized Relocation Policy (Appendix 2) to be adhered to should relocation be necessary</p>
------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

**Comparison of the two plans that shows the safety net that is necessary to protect the Westside Community. All information is taken from submitted documents.**

provisions of Section 523.205 of the Revised Statutes of Missouri in accordance with the Relocation Assistance Plan attached as Exhibit 3	
-------------------------------------------------------------------------------------------------------------------------------------------	--

**Proposed Financing**

<p><b>Page 6</b></p> <p>FINANCING PLAN A. Projected Redevelopment Project Costs. Because implementation of the tax abatement program as set forth in Article VI, below, and the Improvement Projects themselves constitute the project envisioned by the Plan, there are no redevelopment project costs associated with the Plan other than costs associated with the Improvement Projects, as further described below.</p>	<p><b>Page 21</b> – proposed financing –</p> <p>The proponents and advocates of this Plan do not have any specific restoration, rehabilitation, or redevelopment projects under consideration at this time. It is not currently possible to estimate the number of residential properties, or their square footage, that may seek the Authority’s assistance for <b>rehabilitation or new construction</b> projects at this time. Although commercial properties represent a small portion of the Plan Area, it is not possible to estimate the number of properties, or their square footage, that may seek the Authority’s assistance <b>for rehabilitation or new construction projects at this time.</b></p> <p>In conformance with Chap. 99.430(7) R.S.Mo., it is anticipated that private funding sources, including traditional debt financing and cash equity, will be used to help finance restoration, rehabilitation, and redevelopment projects within the Plan Area. It is possible that public financing sources, such as the U.S. Small Business Administration and/or the EDC Loan Corporation, may be utilized to partially finance individual commercial projects within the Plan Area. Federal and State historic tax credits, Federal and State low-income housing tax credits, among other similar programs, may also be used to generate equity for some or all of the projects to be undertaken within the Plan Area.</p>
-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

**Comparison of the two plans that shows the safety net that is necessary to protect the Westside Community. All information is taken from submitted documents.**

**Zoning**

<p><b>Page 7</b></p> <p>A. General Land Use. The Area is appropriately zoned for the Improvement Projects (defined below) and the uses of the Area as contemplated by the Plan would be in compliance with the Comprehensive Plan. It is not anticipated that any changes will need to be made to the streets or alleys in, adjoining or in the Area.</p>	<p><b>Page 18 6.</b> Zoning this is standard template language.</p> <p>The Plan Area is currently zoned a mixture of B1-1, B3-2, R-0.5, R-1.5, R-2.5, R-6, M 1-5, and UR. See Exhibit D- “Current Zoning” for details. See Exhibit E – “Proposed Zoning, which is identical to Exhibit D as no immediate changes are proposed. While adoption of this Plan will require no other immediate changes in the zoning of the Plan Area, for purposes of implementation and in order to reinforce its objectives, developers will have to apply to the City for and obtain a UR zoning designation, when a project has 50 or more units or 40,000 sf or more in floor area.</p> <p>The highlighted paragraph above is standard template language. How does this apply to the Westside Heritage Urban Renewal Plan. Implementation and in order to reinforce it objectives – if anyone proposes a UR zoning designation and if a project is proposed having 50 or more units or 40,000 SF floor area <u>it does not qualify</u>. Proposed = new = does not qualify or is eligible for the Westside Heritage Urban Renewal Plan.</p>
-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

**Governing entity with board of directors and shares**

Board of directors & shareholders	Board of directors & shareholders
-----------------------------------	-----------------------------------

**Eligibility Sustainability and maintain affordable housing.**

I was asked to clarify the highlighted sentence found in the program description.

First you must read the complete section and paragraph on who is an eligible property, then follow the sentence, when you get to maintenance and expansion of affordable housing. Eligible applicants must maintain their property and if they are considering renting a property this plan encourages them to do so at the low-income rate, vs. market rate. This is for existing homes, and 1-4 housing units. NO NEW DEVELOPMENT QUALIFIES UNDER Westside Heritage Urban Renewal PLAN.

<p>Chapter 353 Development Plan.</p> <p>Page 3.</p> <p>H. Developer. Westside Redevelopment Corporation and its successors and assigns.</p>	<p>Westside Heritage Urban Renewal</p> <p>Page 7</p>
---------------------------------------------------------------------------------------------------------------------------------------------	------------------------------------------------------

Comparison of the two plans that shows the safety net that is necessary to protect the Westside Community. All information is taken from submitted documents.

I. Redevelopment. **The clearance, replanning, reconstruction or rehabilitation of any Blighted Area, and the provision for such industrial, commercial, residential or public structures and spaces as may be appropriate, including recreational and other facilities incident or appurtenant thereto**

**Page 3.**

4. To improve the viability of the area for residential and other uses and in so doing, **to encourage future residential, commercial and retail development** in the City, in harmony with the general character of the Area;

5. To **attract new** residents to the City, thereby increasing the City's tax base;

**Page 4.**

6. **To stimulate further residential and commercial investment in the community, with a resulting increase in employment opportunities and increased demand for services in the Area.**

Page 2

**Is this Promoting gentrification?**

(f) many **new** residents are attracted to the racial, ethnical, and economic diversity of the Westside neighborhood and support the Plan, (g) with the assistance provided by the Plan many residents who have lower incomes and are from historically-disadvantaged groups will be financially capable of remaining in their homes and in the Westside neighborhood, and (h) with the assistance provided by the Plan, the Westside neighborhood can remain a diverse neighborhood with individuals from differing backgrounds and with differing income levels.

**353 plan encourages all new construction and rewards the new owner.**

The additional eligible property owners are intended to stabilize and maintain existing affordable rental housing, protect commercial properties owned by long-term neighborhood residents, reduce economic pressures on long-term, low- or moderate-income residents that own vacant land, and to encourage the **maintenance and expansion of the number of affordable housing units within the Plan Area.**

*The purpose of this plan is a reward for existing long-term resident ownership, I understand some one's concern with the new construction wording but remember they must be a qualified eligible long-term 10 years or more or Low-income homeowner.*

*Rehabilitation vs. new construction definitions in most cases is based on cost. Example If you have an old front porch that is rotted will you replace just the rotted portion or tear it down and construct it 100 % new. Same for a storefront.*
