**RELATED CASES**

**CD-CPC-2021-00065** – Ord. No 210553, passed on July 1, 2021, rezoned approximately 1 acre from R-6 to UR and approved a development plan to allow for the construction of a community center.

**STREET, ALLEY OR PLAT VACATIONS**

In order to determine that no private rights will be unreasonably injured or endangered by the vacation and the public will suffer no unreasonable loss or inconvenience, the city planning and development director, city plan commission, and city council must consider at least the following factors:

**88-560-10-A. All property owners adjacent to the right-of-way shall have legal access to another public right-of-way. Such access shall be physically feasible and shall not result in an unreasonable burden or unsafe conditions on the alternate right-of-way.**

This right of way vacation is for a portion of Myrtle Avenue that is currently unused and unimproved. As part of the vacation, the applicant is proposing a permanent access easement to ensure that properties maintain access. All adjacent property owners will retain legal access to right-of-way.

**88-560-10-B. The retention of the public right-of-way or subdivision serves no current purposes and no future useful public purpose is anticipated.**

Half of Myrtle Avenue appears to be at half-width compared to the rest of the street. Preserving the existing right of way, proposed for vacation, in its current condition does, not serve any current or future public purpose.

**88-560-10-C. The vacation will not result in a violation of 88-405.**

The vacation will not be in violation of 88-405.

**88-560-10-D. The vacation shall not disrupt the constructed street network or reduce existing physical connectivity.**

The vacation will not disrupt any street network or physical connectivity.

**88-560-10-E. The vacation shall not result in a dead-end street or alley.**

The vacation of Myrtle Avenue will result not result in any new dead-end streets or alleys.

**88-560-10-F. The vacation shall not result in street traffic being routed through an alley.**

No traffic will be routed through an alley as a result of this vacation.

**88-560-10-G. The vacation shall not vacate half the width of a street or alley.**

This vacation will not vacate half the width of any street or alley and leave half the street remaining.

**88-560-10-H. The right-of-way to be vacated is not on the Major Street Plan.**

The area being vacated is not on the Major Street Plan.

**PROFESSIONAL STAFF RECOMMENDATION**

Staff recommends **Approval Subject to Conditions** as reflected in the attached Plan Conditions Report.

Respectfully Submitted,

### Intent for Vacation Summary

To whom it may concern,

April 16, 2021

The existing Myrtle Ave ROW is a full 50 feet width approximately 303' long from the existing north ROW line of E. 53<sup>rd</sup> Street. Continuing north to E. 52<sup>nd</sup> Street, only the western half of the Myrtle Ave ROW (25') has been dedicated. There are currently 3 property owners that abut the existing Myrtle Ave ROW with the bulk of the property being owned by Kansas City Missouri Homesteading Authority. The other 2 property owners are along the western edge of the Myrtle ROW, Land Bank of Kansas City Missouri and Midtown Community Development.

The Midtown Community Development property and the property directly to the south owned by Kansas City Homesteading Authority are currently being rezoned to UR for a Community Center to service the adjacent Cleveland LP community directly to the west and is accessed from 53<sup>rd</sup> Street. It is my understanding that the Land Bank of Kansas City property and a large portion of the Kansas City Homesteading Authority property has been identified by the community, residents and stakeholders as a desired location for a park, per the attached exhibit with potential access from Norton Ave., E. 53<sup>rd</sup> Street, or E. 52<sup>nd</sup> Street via a commercial drive.

The existing Myrtle Ave is in complete disrepair, is only 13 +/- feet wide and has neither curb and gutter nor sidewalk. The existing Myrtle Ave is currently blocked off by large concrete blocks to prevent dumping and/or access to the property whereas the street dead ends near the extent of the 50' ROW to the north. It is my understanding that a house once existed on the corner of E. 53<sup>rd</sup> and Myrtle Ave and the street served as somewhat of an access drive for this residence.

With all of this said, the ROW of Myrtle Ave. will not adversely affect the adjacent property owners and will not be needed per the future overall development plans.

Respectfully,
