Project Description (continued)

management. Wildlife will be dispersed, trapped, relocated or euthanized as determined necessary based on various biological and scientific favors and permits. Contractor will provide integrated wildlife damage management technical assistance recommendations to provide a long term reduction in conflicts.

Solicitation

This Project was advertised in accordance with the City's requirements and appeared on the KCMO Website March 15 through March 26, 2021.

Consultant Selection

RFP Packets were sent to the inclubant contractor. The incumbant contractor provided the only RFP submittal received by the March 26, 2021 deadline.

Human Relations Approval

SLBE Review Request was submitted to the Human Relations Department and assigned on February 4, 2021. SLBE solicitation was waivedby the Human Relations Department on February 20, 2021. See Docket Memo.

Is it good for the children?

This contract supports our goal to provide for the safety of the traveling public and Airport employees.

How will this contribute to a sustainable Kansas City?

Kansas City International Airport will contribute to a sustainable Kansas City by mitigating the hazard to, and health of, the traveling public and employees who work at the Airport.
