Discussion

The 3-Trails Corridor is a primary trail corridor under the Kansas City trails plan (TRAILS KC) and is part of the Metro Green trails plan of the Mid-America Regional Council. This trail is also identified in the Sixth Council District Pedestrian Intermodal Transportation Connector (PITC) plan.

A cooperative agreement has been entered into between the City of Kansas City, Missouri and the 3-Trails Village Community Improvement District to provide supplemental funds in the amount of \$21,000.00 for construction of a multi-use trail along the south side of 93rd Street from Schumacher Park to Newton Avenue.

Council District 5 has allocated \$80,000.00 from its contingency fund to supplement CID fund for construction of the trail. Council District 6 has allocated \$73,000.00 from remaining General Obligation Bond funds to supplement the CID funds as well.

The cost estimate for construction of the project is currently \$174,000.00. This revenue would fill the funding gap to allow the project to proceed.
