## Docket Memo

Ordinance/Resolution #: TMP - 5838  
Submitted Department/Preparer: City Planning  
Revised 6/10/24

Docket memos are required on all ordinances initiated by a Department Director. More information can be found in [Administrative Regulation \(AR\) 4-1](#).

### Executive Summary

A request to approve a rezoning from District UR (Urban Redevelopment) to District DX-5 on about 5 acres and a nonresidential development plan to allow for a school and entertainment venue and spectator sports, and sports and recreation, participant uses generally located at W. 13th Street and Summit Street.

### Discussion

In 1990 the subject properties were rezoned to Urban Redevelopment (UR) to allow for the construction of the Kansas City FBI (Federal Bureau of Investigation) field office. Prior to the construction of Interstate 670 and Interstate 35 the five acre site was occupied with commercial and residential structures. Today, the Guadalupe Centers are proposing to convert the 90,000 square foot vacant office building into a high school, which will be Phase I. Due to the large footprint of the existing building and large amount of parking stalls, the applicant is also proposing to allow for multiple uses in Phase I, such as a day care, religious assembly, entertainment venue and spectator sports and offices. The current zoning district, UR only permits office uses, therefore the applicant is rezoning to DX-5 (Downtown Mixed Use) which is the recommended land use from the Greater Downtown Area Plan. The development plan application is required because the gross floor area of the building exceeds 40,000 square feet (88-517-02-B) and the plan includes more than 100 above grade parking stalls (88-517-02-E).

The applicant is also proposing a future Phase II which will include a 35,000 square feet addition on the west side of the building to expand community services which the Guadalupe Centers provide. The Phase II addition will require a project plan to be submitted for staff review and approval by the City Plan Commission prior to the issuance of any building permit. The applicant has not indicated when they plan to begin Phase II.

There are currently 250 parking stalls on the subject property which meets the required parking ratios for the proposed uses. The proposed high school and associated uses (gymnasium, offices, day care, event space for functions and meetings) will have ample parking as there is an existing underground garage and over 100 surface parking stalls,

not including the available on-street parking adjacent to Mulkey Square Park. The five acre site is separated from residential uses by two highways and not immediately adjacent to any residential uses, therefore staff does not believe the proposed use will have negative impacts on the nearby neighborhood.

The applicant held the required public engagement meeting on May 15, 2025 and did receive a letter of support from the Westside Neighborhood Association.

On May 18, 2025 the City Plan Commission vote 7-0 to recommend approval with conditions for the proposed development plan and rezoning.
