RELATED CASES

CD-CPC-2024-00199- Resolution 250200, approved an amendment to the Line Creek Valley Area Plan on about 3 acres generally located 600 feet north of the intersection of Northwest 64th Street and North Chatham Avenue by changing the recommended land use from mixed use community to commercial, approved March 6, 2025.

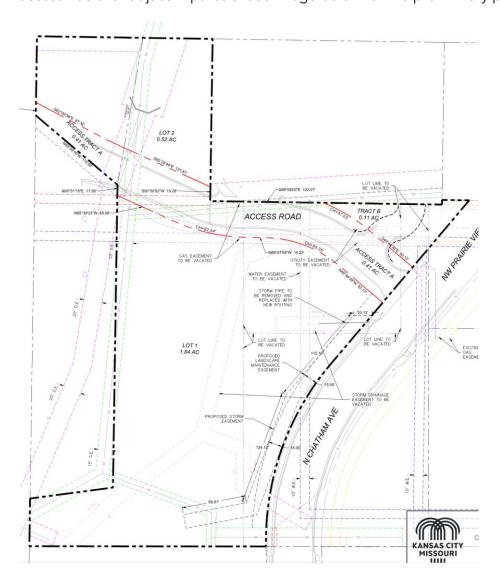

PLAT REVIEW

The request is to consider approval of a Final Plat in B4-3 (Commercial) on about 3 acres generally located 600 feet north of the intersection of Northwest 64th Street and North Chatham Avenue to allow for the creation of 2 lots and 2 tracts for the purposes of a self-storage building.

Final Plats are the legal instruments used to formally subdivide land in accordance with the layout approved in the Preliminary Plat, which is often presented in multiple phases, as this proposed plat is. The review of a Final Plat includes verification that all required public utilities have been properly extended and accepted by the City, and that stormwater detention covenants have been finalized and reviewed for compliance. This Final Plat is consistent with the previously approved Preliminary Plat and complies with all applicable lot and building standards outlined in Section 88-120 of the Zoning and Development Code.

This use was approved in Case No. CD-CPC-2025-00196 which served as the Preliminary Plat. The Preliminary Plat proposed to develop a single self-storage building on one large lot. A second lot, which has an area of 0.52 acres, is proposed on the northern side of the development, with no current development planned. Two tracts are included with this plat, which will serve as vehicular access tracts for adjacent parcels. See image below for the preliminary plat:
