## Ordinance Fact Sheet

## Amendment Form

Brief Title	Approval Deadline	Reason
Authorizing a Design Professional Services		To rename a fund; to estimate revenue and appropriate funds; to
Amendment No. 1 to the 55th and Bennington		authorize execution of a Design Professional Services Amendment and
Avenue Phase II Sanitary Sewer project.		expenditures; and assessing benefitting properties.

### Details

<p><b>Reason for Contract</b></p> <p>This proposed ordinance will rename a fund, estimate revenue, authorize funds, and execute of a \$135,803.00 Amendment No. 1 for updated design drawings for current site conditions. Also, this proposed amendment will assess benefitting properties for special assessments.</p>
<p><b>Discussion</b></p> <p><b>Project Justification</b></p> <p>The City of Kansas City, Missouri is in the process of eliminating areas where public sanitary sewers are not available to its residents. To aid in this process, the City has received funding from the Missouri Department of Natural Resources State Revolving Fund. This fund, supported by the Environmental Protection Agency (EPA), will be used to finance about fifty percent of the sanitary sewer construction costs.</p> <p>One of the areas requiring the City's immediate attention is the residential neighborhood in and around 55th Street and Bennington Avenue. Sampling in the area shows higher than acceptable E. coli bacteria related to human waste. This is a potential health risk to the residents. While considered in the former Sewer District 719 and located just to the west Blue Parkway, the area survives primarily on septic tanks with no access to public sanitary sewer.</p> <p>In response to the problem, the City has split Sewer District 719 into smaller districts. These are now Sewer Districts 11040, 11041, and 11042 along with a smaller Sewer District 719. Sewer District 11042, where the sampling has taken place, is the worst area of the neighborhood and will receive the most attention first. Connections to proposed sanitary sewer system for existing houses in this district will be available, while main extensions will be extended to the other three districts.</p> <p>In 2007, Taliaferro &amp; Browne, Inc. prepared sewer construction plans for Sewer District 11042. In 2013, the plans were updated with the addition of a 40' line across Cambridge Avenue. The current project calls for updating the Sewer Plans as prepared in 2013.</p>

### Roles and Responsibilities

Sponsor	Water Services Department
Department or Programs Affected	Water Services Department
Recommended Awardee	Taliaferro & Browne, Inc.
Contract Compliance Certification Obtained?	<input type="checkbox"/> No <input checked="" type="checkbox"/> Yes
Opponents	Groups or Individuals  None known  Reason for Opposition
Responsibilities	Design Engineering:  Taliaferro & Browne, Inc.  Inspections:  Construction or Project Management:  Service Monitoring:
