Amendment Form

Brief Title	Approval Deadline	Reason
Authorizing an Amendment No. 2 to a General Services Contract for the Service/Maintenance for the Chlorine Feed Equipment & Atmospheric Monitoring Instrumentation at the Water Treatment Plant, Renewal No. 2		To authorize execution and expenditures of General Services contract amendment.

Details

Reason for Contract

This proposed ordinance is needed to amend the Service/Maintenance for the Chlorine Feed Equipment & Atmospheric Monitoring Instrumentation at the Water Treatment Plant, Renewal No. 2 contract to add funds for continued work to be performed under this contract.

Discussion

Project Justification

The Service/Maintenance for the Chlorine Feed Equipment and Atmospheric instrumentation at the Water Treatment Plant provides for maintenance of the Water Services Department's chlorine and ammonia instrumentation and ammonia metering equipment located at the City of Kansas City, Missouri Water Treatment Plant, located at 1 NW Briarcliff Road. This work is needed due to a mandate from the Environmental Protection Agency (EPA) for regulatory purposes.

This work ensures the Water Treatment Plant maintains in compliance with the EPA Clean Air Act Section 112(r), which references the Risk Management Plan (RMP) for chemicals. Chlorine and ammonia is essential to the treatment for potable water and public health.

Discontinuity of this contract will place the City at risk of violating the EPA RMP. Disruption of critical preventative maintenance or equipment may impair the facility to supply chemicals necessary to maintain a disinfectant to protect potable water for public health.

Project Description/Contract Summary

This scope for this project provides for maintenance of the Water Services Department's chlorine and ammonia instrumentation and associated metering equipment located at the Water Treatment Plant. The work covered by these provisions consists of furnishing all labor, equipment, appliances, transportation, supervision, and materials outlined.

The City executed a \$173,235.00 contract with Durkin Equipment Company, Inc. on February 27, 2020 for the Service/Maintenance for the Chlorine Feed Equipment and Atmospheric instrumentation at the Water Treatment Plant under Contract No. 19009 for a term of one year. This contract had two one-year options to renew.

Details

The City executed a \$180,168.00 Renewal No. 1 contract with Durkin Equipment Company, Inc. on February 26, 2019 for the Service/Maintenance for the Chlorine Feed Equipment and Atmospheric instrumentation at the Water Treatment Plant under Contract No. 19009-1 for a term of one year. An amendment for \$14,964.00 has been executed for Renewal No. 1 to extend the contract for an additional 30 days and add one month's service to the contract so that the contract did not expire.

City Council approved Ordinance No. 210175 on March 18, 2021 for Renewal No. 2 to the Service/Maintenance for the Chlorine Feed Equipment and Atmospheric instrumentation at the Water Treatment Plant under Contract No. 19009-2 for a term of one year. This Renewal No. 2 is the final renewal under the solicitation waiver originally approved by the City Manager on January 14, 2019.

The City executed a No Cost Amendment No. 1 in March 2022 for the Renewal No. 2 contract to extend the contract term an additional 90 days.

The proposed \$50,000.00 Amendment No. 2 will add funds for continued work to be performed under this contract.

A request for a new solicitation waiver will be prepared to replace this contract.

Contract Cost Summary

Original Contract:	\$173,235.00
Renewal No. 1:	\$195,132.00
Renewal No. 2:	\$187,374.00
Renewal No. 2 Amendment No. 1:	\$0.00
<u>Proposed Renewal No. 2 Amendment No. 2:</u>	<u>\$50,000.00</u>
Total:	\$605,741.00

Project Description

The scope of services consists of cleaning the following at Kansas City's Water Treatment Plant: primary basins, primary flumes (tunnels), secondary basins, secondary effluent chamber, diffuser basins, final influent chamber, final basins, and the effluent chamber. One treatment train at a time is cleaned and occurs two times per year. The cleaning period lasts for eight weeks each time.

This ordinance is for approval of a 2nd amendment, which will add funds to the Renewal No. 2 contract.
